

FARM RELIEF IS DAVIS' SUBJECT IN OMAHA TALK

Accuses Republicans of Discrimination Against Farmer

OMAHA, Neb., Sept. 6. (AP)—John W. Davis put underway with a rush today his campaign in the great agriculture section west of the Mississippi River. The Democratic presidential nominee delivered address in the morning, afternoon and the night and between times conferred with his running mate, Governor Charles W. Bryan, and many other leaders of his party.

His principal speech was that tonight at the Auditorium for the presentation of his views as to a program for the relief of the agricultural industry. His first talk was to stock men and others at the Omaha stock yards, where he again laid emphasis on the issue of honesty in government and his second was at a luncheon for party leaders.

OMAHA, Neb., Sept. 6. (AP)—A readjustment and lowering of rail and water freight rates; tariff and tax reform; and government aid in stimulating the cooperative marketing movement and in establishing an export marketing commission constituted the cardinal points in a farm relief program presented here tonight by John W. Davis in the first address in his campaign for the winning of the west.

In offering this platform before an audience in the city auditorium, the Democratic presidential nominee vigorously assailed the Republican party for what he characterized as the discrimination against the farmer in favor of the manufacturer and for its failure to cooperate fully in the restoration of economic conditions abroad so as to furnish a market for American farm products.

In this connection Mr. Davis expressed his resentment at "the belated attempts" of the administration to capitalize the possibilities in the Dawes reparation settlement "as a political asset."

He declared that if Americans had in fact "by their unofficial presence" aided in this settlement it laid "a crushing burden of blame and responsibility on the shoulders of those who for five long years prevented any form of American participation in solving the reparations problem."

Taking up the Republican proposal as outlined by Charles G. Dawes, the vice-presidential candidate that the entire farm relief problem be submitted to an "impartial, non-partisan, competent commission, under economic guidance," Mr. Davis asserted that there already has been sufficient investigation and charged that in proposing a new one the administration was "seeking to evade a decision on matters of principle."

"Definite Program" Mr. Davis said, "has a definite program by means of which we hope to restore to the farmer the economic equality of which he has been unjustly deprived. We undertake:

"To adopt an international policy of such cooperation by direct official, instead of indirect and evasive unofficial, means, as will re-establish the farmers export market by restoring the industrial balance in Europe and the normal flow of international trade with the settlement of Europe's economic problems.

"To adjust the tariff so that the farmers and all other classes can buy again in a competitive market.

"To reduce taxation, both direct and indirect, and by strict economy to lighten the burdens of government.

"To readjust and lower rail and water rates, which will make our markets both for the buyer and the seller, national and international instead of regional and local.

"To bring about early completion of international waterway systems for transportation and to develop our waterpowers for cheaper fertilizer and use on our farms.

"To stimulate by every proper governmental activity and progress of the cooperative marketing movement and the establishment of an export marketing corporation or commission in order that the exportable surplus may not establish the price of the whole crop.

"This is our platform and our program; and if elected, I purpose with the aid of a Democratic congress to put it into effect."

"MISS PHILADELPHIA" IS QUEEN OF PAGEANT

ATLANTIC CITY, Sept. 6. (AP)—"Miss Philadelphia," Miss Ruth Malcomson, was chosen for the title "Miss America of 1924" at the close of the Atlantic City beauty pageant by fifteen artist judges here tonight. After her selection "Miss Philadelphia" was crowned Queen of the Pageant, with which goes possession of the golden mermaid for one year.

LAFOLLETTE-WHEELER CAMPAIGN ROUNDING RAPIDLY INTO FORM

Organization Completed, Finances Arranged, Ready For Start

WASHINGTON, Sept. 6. (AP)—The LaFollette-Wheeler presidential campaign is rapidly shaping into form for an aggressive, intensive drive for votes. Organization practically has been completed, arrangements for raising finances have proved satisfactory and attention is now being given to the final details before Senator LaFollette takes the stump.

Labor leaders supporting the independent ticket will meet here Monday to coordinate the work of the unions and prevent duplication of effort.

Senator LaFollette will address the meeting and discuss the progress of the campaign.

Reports reaching headquarters here on Senator Wheeler's tour of New England are regarded as "very satisfactory" by the campaign managers.

The itineraries of Senator LaFollette and Senator Wheeler are still held in abeyance but it is understood to include a wide area of the country with numerous speeches.

The exact date for starting the western campaign has not been fixed. It is probable that Senator LaFollette will make another radio speech before starting his tour, as the managers are highly gratified with the reaction to his labor day address.

Campaign contributions increased steadily through the week, it was said at LaFollette headquarters today and better results are expected as the campaign progresses. Sale of bronze campaign buttons have brought in a substantial sum and the financial headquarters has reported the distribution today of 9,000 more the largest number yet sent out in any one day.

Publicity headquarters were opened here today under the directorship of Ernest Gruening, formerly an editor of The Nation.

ROBBERS BLOW SAFE AT NEW BOSTON AND SECURE LARGE HAUL

Cut Phone and Telegraph Wires And Get Away With \$4,000

GALESBURG, Ill., Sept. 6. (AP)—Six or seven heavily armed bandits blew the safe of the bank of New Boston at 3 o'clock this morning and escaped toward the north with \$4,000 in cash. Seven charges of nitro-glycerine were used to blow the safe open. New Boston is on the Mississippi river in Mercer county, 40 miles from here.

The eggs cut all the phone and telegraph wires into New Boston, including a private phone wire to Joy, leading to the belief that they were thoroughly acquainted with that section of the country. Officers had to drive to Aledo to notify Sheriff Luttrell of the robbery and it was 5 o'clock before the sheriff's home was reached.

The car in which the eggs made their escape was of Buick manufacture and carried Illinois license tag No. 637-522, which was found to have been issued to Ralph Carver, Rock Island, for a Ford car.

GERMANY WILL DENY WAR RESPONSIBILITY

GENEVA, Sept. 6. —Premier MacDonald of Great Britain, Premier Herriot of France and Premier Theunis of Belgium today received a letter from Chancellor Marx of Germany declaring he felt obliged to publish immediately the proclamation of Germany's refusal all responsibility for having caused the world war.

Chancellor Marx added that publication of the proclamation which retracts Germany's admission of war guilt, was deferred to avoid hindering the negotiations at the recent international conference in London.

ORDERS ISSUED FOR RETURN OF EXILES

DUESSELDORF, Sept. 6. (AP)—General DeGout, commander of the allied forces on the Rhine, today issued orders, in conformity with the London agreement, permitting the return to the occupied territory of all persons who had been expelled with the exception of those persons whose presence would be inimical to the peacefulness equally desired by both sides.

He also issued orders for the execution of the amnesty clause of the London agreement whereby in cases of political offenses, the prosecution would be dropped and the prisoners released.

FIRESIDES WILL CONTROL NOVEMBER ELECTION

CHICAGO, Sept. 6. —Women were told that the November election will be won or lost at the firesides, at a meeting here today called by Mrs. Glenn Plumb, national vice-chairman for the west of the women's division of the LaFollette-Wheeler committee.

DIRIGIBLE ZR-3 TO CARRY MAIL ON TRIP ACROSS

Advices State About 250 Pounds Will be Sent to U. S.

WASHINGTON, Sept. 6. (AP)—The first regular trans-Atlantic air mail will be brought from Germany to the United States on the new airship ZR-3. When the ship arrives at Lakehurst, N. J., American postal officials will be on hand to receive a large quantity of specially forwarded mail and expedite the transmission of the letters and post cards to their destination. German postal authorities have issued a special series of airmail postage stamps and aerial post cards for the Trans-Atlantic flight.

All letters and post cards carried by the ZR-3, in addition to bearing the special air mail postage stamps with the German inscription: "Sent by Airship ZR-3."

American postal officials have been informed by the German authorities that probably 250 pound of ordinary letters and post cards will be aboard the R-3.

Preparations were completed by the navy today for furnishing a complete meteorological service to the R-3 in her trans-Atlantic flight. Thru the use of naval ships located at strategic points exhaustive data on weather and wind conditions will be gathered and transmitted to the airship from the moment she leaves her base in Germany and points her nose westward for Lakehurst, N. J.

There will be three principal station ships, one at latitude, 45 north, longitude 45 west, the second at 55 north and 45 west and the third at 5 north and 47 west.

In connection with the arrival of the ZR-3, emergency landing fields will be established at Boston, Mass., Mitchell Field, L. I., Langley Field, Va., and Paris Island, S. C. Each of these fields will be prepared to receive the airship on short notice in the event that circumstances prevent or make undesirable the voyage direct to Lakehurst.

FRIDERICHSAPEN, Sept. 6. (AP)—Enthusiasm over the airship's excellent behavior was the dominant note here tonight when the giant dirigible ZR-3, built by the Zeppelin company for the United States navy had completed its second official trial during which the ship covered about 480 miles at an average speed of 60 miles an hour remaining in the air eight hours and 45 minutes.

Dr. Hugo Eckener, director of the Zeppelin company and Lieutenant Commander Garland Fulton U. S. N., were in high spirits concerning the dirigible's behavior when they landed this evening.

They said a thirty hours duration flight over the Baltic by way of Berlin and Hamburg would take place next week and they asserted that it was likely that ZR-3 would start on her trans-Atlantic trip to Lakehurst N. J., about September 20.

TWO ARE IDENTIFIED AS ROBBERS OF BANK

BELLEVIEW, Ill., Sept. 6. (AP) George Mason, alias James Breen and Ralph Southard, alias Elgin, who were held in connection with the holdup of the First National Bank at Freeburg, Ill., August 23, last, were arraigned before a justice of the peace here today, but waived their preliminary hearing. Their bonds were fixed at \$40,000 each, which they failed to furnish.

The two men were brought back from Jonesboro, Ark., yesterday, where they had been arrested last week. Sixty dollar bail, which bore the signatures of the president and of the cashier of the Freeburg bank were said to have been found in Mason's possession at the time of his arrest. Both are reported to have been identified as two of the seven bandits who staged the hold up and escaped with \$10,558.

ASK FOR BIDS ON BRIDGES DESTROYED

Springfield, Ill., Sept. 6.—Reconstruction of three steel bridges on Route 29, between Peoria and Bureau, washed out by the heavy rains two weeks ago, was authorized by the state highway division today. Bids will be opened here September 12. The bridges in Marshall county are fairly large, one is a 20 foot, and the other a forty foot span. The one in section two, Peoria county, is of 60 foot span.

FAHY RELEASED WHEN BOND IS FURNISHED

Chicago, Sept. 6.—William F. Fahy, hotel inspector, accused of complicity in the Rondout mail robbery, was released today under bonds of \$50,000 for which \$200,000 was scheduled. His arraignment scheduled to have taken place before United States Commissioner H. C. Bettler was postponed by agreement of counsel until September 16.

Disabled Veterans Praised By Pershing

WASHINGTON, Sept. 6. —Assuring the disabled former service men that while "I must bid you adieu, you may feel assured that your interests and welfare shall always be close to my heart," General Pershing today sent a farewell message to the disabled American veterans.

The message follows:

To the disabled American veterans:—

"As you all perhaps know, on the thirteenth of this month I am to retire from active service in the army. I cannot do this, however, without expressing to you once more my deep appreciation of the great sacrifices which you made in the World War. Your indomitable courage and will made possible the brilliant victories achieved by our army, and your deeds will live forever as a record of your devotion to the ideals upon which our nation is founded.

"While as your former commander-in-chief, I must bid you adieu, you may feel assured that your interests and welfare will always be close to my heart in civil life as they have in the past.

"With my best wishes and affectionate regards, I remain as always,

"Cordially yours,

"John J. Pershing."

In these months Lieutenant Lowell H. Smith, commander of the flight with Lieutenant Leslie P. Arnold, in the flag plane, Chicago, and Lieutenant Erik H. Nelson with his mechanic, Lieutenant John Harding Jr., in the plane New Orleans, have flown 23,000 miles.

OPPOSING FORCES IN CHINA STAGE BATTLE IN LIUHO'S STREETS

Hand-to-Hand Fighting Occurs in One of Two Encounters

SHANGHAI, Sept. 6. (AP)—Despite at least two previous repulses, during one of which hand to hand fighting occurred in the streets of Liuho, the forces of General Chi Shieh-Yuan, the Tsuchun of Kiangsu, were again hammering away at the line held by the Chekiang army near that town tonight.

According to an eye witness from Quinsan, where the Kiangsu army has established its headquarters, Chi's officers consider this battle along the bank of the estuary of the Yangtze with the Woosung forts as its objective as the most important of the present campaign and reinforcements are continually being sent there by rail, while junks are waiting to take more men to the fighting line as soon as Liuho has been captured. It is the belief of these officers that the fall of this little town, heretofore considered of little importance, will open the way to Woosung.

American destroyers are reported anchored off the town ready to afford protection to Americans of whom there are several in the Seventh day Baptist Mission hospital there.

DAVIS FORCES TO "RELY ON REASON"

CHICAGO, Sept. 6. (AP)—The Democratic national committee will make no use of buttons, badges, stickers, bill boards, and imitation automobile license plates in the campaign for John W. Davis, Robert W. Woolly, chairman of the National Publicity convention whose headquarters are at Washington announced here tonight.

"We are planning a direct sales campaign," said Mr. Woolly "and will rely on reason."

He added that the committee would not interfere with the methods local organizations saw fit to adopt.

STOMACH TAKEN OUT, PATIENT STILL ALIVE

CHICAGO, Sept. 6.—Ferdinand Bittner is in a hospital here tonight after undergoing a successful operation for the removal of his stomach. Doctors say that he will recover and eventually will be able to eat liquid and juicy foods just the same as if he had a stomach. At present he is being fed thru a tube.

Doctors who operated on Bittner for stomach ulcers found that he also had a cancer of the stomach and decided to remove the stomach, connecting the esophagus to the upper end of the small intestine.

MRS. A. B. APPLEBEE REACHES NEW YORK

Mrs. A. B. Applebee who has been in France several months is expected to arrive in the city in a few days. Mrs. Applebee landed in New York last week and is now visiting with friends at Wellesley College. Word of her arrival was received here yesterday.

Mrs. J. C. Swain has also received a letter stating that her sister Mrs. Lucy Cobb who was a member of the same party with Mrs. Applebee has proceeded to her home at Morningside, Iowa.

LOWDEN SUGGESTED FOR AGRICULTURE COMMITTEE

Washington, Sept. 6.—Appointment of Frank O. Lowden, former governor of Illinois, as chairman of the proposed commission to investigate the needs of agriculture has been strongly urged upon President Coolidge, it became known today with the arrival of Mr. Lowden as a week end guest at the White House.

ROUTT COLLEGE IS SOON TO OPEN

Routt College is to reopen for the school year next Tuesday. Rev. Father Formaz said yesterday that the indications point to a large attendance and a successful year's work is anticipated.

AIRMEN LAND AT BOSTON AND ARE WARMLY GREETED

Receive Salute Usually Given Presidents and Rulers

BOSTON, Sept. 6. (AP)—Six army airmen entered today upon the last stage of their journey round the world by airplane when they arrived in Boston, their first objective on the Atlantic Coast of the United States. The three big cruiser planes, completing a 125 mile jump from Mere Point, Me., where they were forced down by fog yesterday, dropped to their moorings in Boston Harbor five months, to a day, after the fliers hopped northward from Seattle in April.

The flight taking men from America's west coast around the world, thru the tropics and the far north to the American east coast was regarded by army officials as having virtually attained today its object, the circumnavigation of the globe by air for the first time in human history.

There remains now only the transcontinental journey, no longer accounted a remarkable feat in aviation.

Today a great throng at the Boston airport and a delegation of high ranking army, navy and civil officials rendered tribute to the arriving airmen. The fliers were greeted with the national salute of 21 guns, customarily accorded only to presidents and to the rulers of foreign powers. Harbor and city joined in a pandemonium of shrieking whistles, ringing bells and roaring sirens, as the planes, escorted by 12 land flying machines circled the harbor as the aviators after alighting were taken to the reception barge.

Then the great crowd of 75,000 at the airport fell silent and stood uncovered as a band played the national anthem and later Home Sweet Home.

Met by Escort

The fliers were met far up the main coast by Major General Patrick, chief of the air service and Assistant Secretary of War Dwight F. Davis with 12 planes. With the world fliers in advance in a triangle the escort made the trip in a huge spearhead formation somewhat higher than the round the world planes. At the tip of the spearhead was General Patrick.

They reached Boston just before 2 o'clock daylight time, and alighted ten minutes later, taxiing easily to the buoys where they were moored. For five miles the shores were lined with spectators. A launch put out to meet the planes and the aviators were brought to the official reception barge where high officials of the army and navy, city and state, were drawn up in line to receive them. Striding quickly up the gang plank came Lieutenant Smith, commander of the flight, with General Patrick at his side, and behind him the companions of his flight.

Talks to Mother

As Lieutenant Smith took his first step toward the receiving line a man handed him a portable radio microphone, with the words: "Your mother is listening in at Los Angeles."

"Hello, folks," Lieutenant Smith said in a low voice, "It's good to be with you again."

A military band struck up the Star Spangled Banner and the fliers stood at a stiff salute. Then came their formal introduction to those in the receiving line.

"It gives me the greatest pleasure," General Patrick said, "to introduce to you the men who made the first flight around the world."

The cheers broke out again.

The fliers stepped ashore and amid the clicking of cameras recorded their names in the visitors' book at the airport. Then they swung back in an automobile to the barge, talked for a moment with a score of newspapermen and were taken across the harbor to automobiles which conveyed them to their hotel.

AGED RESIDENT OF MACOMB DEAD

Pana, Ill., Sept. 6. —Mrs. Sarah H. Stanley died at her home at Macomb, yesterday at the age of 93, leaving 73 direct descendants of four generations. These are: Five children, 29 grandchildren, 42 great grand children and one great great grand child.

PERFECT ATTENDANCE WINS SCHOLARSHIP

Chicago, Sept. 6.—A scholarship at Northwestern University has been awarded to an Illinois girl who never was absent nor tardy during her high school days. She is Miss Lola Kaifer of Henry, Ill., and is 18 years old.

JUDGE CAVERLEY HAS REACHED CONCLUSION ON FRANKS EVIDENCE

Is Now Writing Findings—Loeb's Parents Will Not Attend

CHICAGO, Sept. 6.—Apparently undisturbed by the fact that Judge John R. Caverley will in four days make known his decision in their case, Richard A. Loeb and Nathan F. Leopold, Jr., spent their ninety eighth day in jail chatting light heartedly with numerous visitors.

Judge Caverley, on the other hand, had slipped out of the city for a few days of quiet and rest after having gone over in its entirety the 1500 pages of evidence recorded at the hearing to determine the punishment to be meted out to Loeb and Leopold for their kidnapping and murder of their school boy neighbor, Bobby Franks.

The judge has intimated that his decision is ready and that he will use the next day or two in preparing it in written form.

Albert H. Loeb, father of Richard, has suffered a new heart attack at the Loeb summer home in Charlevoix, Michigan.

A Chicago physician called to the Michigan home, termed the elder Loeb's affliction "muscular weakness of the heart" and added that "when people die of a broken heart as the phrase goes, it is this muscular inflammation that causes death, largely brought on by grief and worry."

Neither Mr. nor Mrs. Loeb would attend court Wednesday, when the decision is given, said Allan Loeb, brother of Richard, who returned from his Chicago today, even tho his physical condition might permit.

Nathan F. Leopold, Sr., has said that he will be present Wednesday.

FIRPO IS ARRESTED AND FURNISHES BAIL

NEW YORK, Sept. 6.—The arrest of Luis Angel Firpo on a warrant from Washington charging him with violating the immigration law, his subsequent admission to bail and postponement on the hearing in the case until four days after his scheduled meeting with Harry Wills, September 11, were the outstanding developments today in the deportation proceedings instituted by Canon William Sheaf Chase of Brooklyn.

There was a broad grin on the Argentinian's face as he stepped off the Ellis Island ferry, free again, after his attorney Hyman Bushel, had deposited \$1,000 in Liberty Bonds with the immigration officials.

He asserted his innocence of the two charges brought against him and said he was more worried over protecting the name of the woman in the case than he is over his own predicament.

HOLDUP GANG GET \$4,500 IN CHICAGO

CHICAGO, Sept. 6.—Three men held up the Robey State bank on the southwest side at opening time today and made away with \$4,500 in currency.

More than \$3,000 in silver, heaped on a counter was spurned by the robbers and a bag containing \$5,000 apparently escaped their notice.

RETURN FROM WEST Mrs. George Schmalz, Son George Jr., and daughter Yvonne have returned from a motor trip thru the west. They visited Los Angeles and spent a day with Frank Bode and family at Pasadena. They visited a number of California beaches, and went to the Catalina Islands for a day.

WEATHER

Chicago and vicinity: Unsettled Sunday with showers, somewhat higher temperatures; Monday partly cloudy and warmer; possibly showers; moderate to fresh southerly winds.

Illinois: Showers Sunday, higher temperatures; Monday partly cloudy and warmer, possibly showers in northeast portion.

Indiana: Showers Sunday, higher temperatures; Monday partly cloudy and warmer, probably scattered showers or thunderstorms.

Wisconsin: Showers and warmer Sunday and probably Monday.

Missouri: Partly cloudy and much warmer Sunday, possibly scattered showers.

Iowa: Partly cloudy and much warmer Sunday, probably scattered showers or thunderstorms; Monday partly cloudy.

Temperatures

The current, maximum and minimum temperatures as recorded Saturday were:

FOREST FIRE RAGING IN SOUTH DAKOTA

Lead, S. D., Sept. 6.—A forest fire fanned by a stiff wind today is raging midway between this city and Sturgis, S. D. Seventy five volunteer firemen who have been fighting the blaze, which is believed to have been of incendiary origin, since yesterday's arrival of sixty five soldiers from Fort Meade. The fire already has burned over a large area.

COOLIDGE WANTS SUPREME COURT TO HOLD POWER

Says Plan to Switch Power to Congress Must be Stopped

BALTIMORE, Md., Sept. 6. (AP)—Dedicating a monument to LaFayette "A True Son of World Freedom," here today, President Coolidge warned against a "deliberate and determined attempt to break down the guarantees of our fundamental laws" and called upon the American people to decide now "whether America will allow itself to be degraded into a communistic and Socialistic state."

The president mentioned no names in the movement he saw to switch the power of the supreme court to congress but he declared such action must be stopped "before it is begun."

"The time for Americans to range themselves firmly, squarely, and uncompromisingly behind American ideals is now," he declared. "Those who want to continue to enjoy the high estate of American citizenship will resist all attempts to encroach upon their liberties by encroaching upon the power of the courts."

The message delivered from the base of a monument to George Washington and facing the equestrian statue of LaFayette, was received with enthusiasm by the LaFayette-Marne Day celebrators who also gave a warm reception to Mr. Coolidge's plea for abolishment of war hatreds and service in the foreign relations of this country.

Recalling that LaFayette had "fought to establish American independence," the president declared this country had "kept clear from political entanglements with other countries" but at the same time had dedicated itself to peace thru honorable and disinterested relations with the other peoples of the earth.

Before delivering his address, Mr. Coolidge placed a wreath on the monument to LaFayette and when it was unveiled, standing for a short time at attention with his military and naval aides, Colonel C. O. Sherrill and Captain Adolphus Andrews at his side at the base of the edifice. He listened to messages of the day from the heads of the French government and army delivered by M. Andre de Laboulaye, charge d'affaires of the French embassy at Washington, and to a welcome from Governor Ritchie of Maryland and Mayor Jackson of this city.

Detailing the history of the formation of the supreme court and relating its functions in government, the president devoted the major portion of his address to a vigorous defense of the courts, which he described as under attack.

"Very little danger exists," he said, "of an open and avowed assault upon the principle of individual freedom. It is more likely to be in peril indirectly perhaps, with the avowed intention of protecting it or enlarging it."

Recalling then "the suggestion that he should limit the jurisdiction of our courts," Mr. Coolidge declared, "we must combat every attempt to break down the constitution or make it easy under the pretended guise of legal procedure, to throw open the way to reaction or revolution."

"To adopt any other course," he continued, "is to put in jeopardy the sacred right to life, liberty, property and the pursuit of happiness. In this contest there is but one place for a real American to stand. That is on the side of ordered liberty under constitutional government. This is not the struggle of the rich and powerful. They will be able to survive. It is the struggle of the common run of people. Unless we can maintain our institutions of liberty unimpaired, they will see their savings swept away, their homes devastated, and their children perish from want and hunger."

The address was the second of major importance Mr. Coolidge has made since he outlined his campaign views informally accepting his nomination as Republican presidential candidate. In the other on Labor Day he discussed the present advantages of the laboring class in this country. The address today while reviewing again his position on foreign affairs including a plea for assistance "in the restoration of Germany now shorn of its militarism" was given over primarily to the "lesson of LaFayette" in establishing freedom which he saw endangered by moves to restrict the power of the United States supreme court.

THE BIGGEST BUSINESS

Jacksonville's largest business enterprise will be under way tomorrow when the public schools reopen for the year. More people are directly and indirectly interested in the public school system than in any other activity. People all contribute thru taxation to provide a capital for the operation of this enterprise and more than 100 people are employed in the work.

There are no more important duties than those assigned to the board of education and to the teachers of the schools, as they direct the workings of the school system.

In the Jacksonville high school there are 700 students and while the attendance has not increased in the grade schools to the extent that is true in the high school, there can be no doubt about the increased interest in public school work and the desire that the scope of that work shall be constantly broadened. Figures prove easily the mounting cost of public education. The same is true of private educational institutions. But the money is well spent and represents an investment which will pay certain returns in the years that are to come.

INVITING DEATH

BY ALBERT APPLE

Here's a beautiful baby, in excellent health. The proud mother exhibits him to visitors. Their instant tendency is to take hold of the baby's fingers. They do not realize danger of transferring germs.

Within a few seconds after baby's fingers have been pawed by grown-ups, his fingers go to his mouth.

This is one of the commonest ways germs of colds and other diseases get into the baby's system.

Lucky for baby, if visitors toy with his fingers outdoors. Mother is naturally afraid to offend by cautioning about transfer of germs. If she is wise, she will expose his fingers to the sunlight. Germs die almost instantly in sunlight.

And by the way, one of the best remedies for a sore throat is to open your mouth so the sun will shine into the infected parts.

More disease germs are caught by contact with the hands than any other way. Except, possibly, kissing.

The danger is especially acute when there is a cut or a chapped crack in the skin of the hands.

The League Against Hand Shaking is doing excellent work.

Hand shaking, after all, is rather a ridiculous custom. It's a stupid survival of the days when men extended their right hand to instill confidence by showing they carried no weapon.

Better
 The iron and steel industry is a tenth busier than it was a month

ago. It's still operating half-time or a bit better. Recovery from dull times is not taking place with spectacular speed. Instead there's a gradual and steady improvement—which is very "healthy."

Study these periods of business depression and learn that they are mainly due to fear. That's why there can never be too much optimism, for optimism is courage.

Killed

People killed at railroad grade crossings in 1923 totaled 8582. This is Uncle Sam's official figure. Killed one by one, they attracted no great furor. If a single accident killed 8582 the country would be alarmed into action.

The logical action, of course, is elimination of dangerous grade crossings as rapidly as possible. Meantime, motorists and drivers should play safe—exercise even more caution than seems necessary. Chalk "8582" on your windshield.

Debt

Another big campaign. European-generated, to induce Uncle Sam to cancel war loans to Allies, is about ready to be "sprung." The usual scheme is for France to "forgive" Italy, England forgive France, and so on. Unfortunately, there is no one to forgive us. We'd be left holding the bag.

Money loaned to Europe was raised by selling Liberty Bonds. If the loans are canceled, the bonds could only be paid off by increased taxation.

LARGE CROWD HEARS KLANTAUQUA SPEAKER

Dr. McEldowney Says Klan Will Hide Back in Public School and Build Wall Around Nation to Keep Out Scum of Europe.

"The Ku Klux Klan is not trying to get into the Democratic or any other political party," said Dr. E. E. McEldowney in a lecture last night at the Klantauqua which began its sessions here yesterday afternoon. "The democrats had better attend to their own business and let the Klan alone. We wear masks, but if we wanted to go into either party we would have to wear gas masks and carry a few stink bombs."

The lecture was the second delivered by Dr. McEldowney during the day. It was heard by a large audience, in the tent erected for the purpose at the corner of East State and Johnson streets. The lecture was preceded by an entertaining program of musical numbers, and comedy sketches by the Ridwell-Rice Concert Company.

The speaker said in part: "If you want to join the Klan, and you are a decent respectable citizen, perhaps you can get in; but if you do not want to join, you will be surprised to know how well we can get along without you." "The newspapers have done a lot of lying about the Klan and its members; but they do not tell of the good things we do. During the past three years, the Klan has given away in charity more than any other lodge in the country. We have been called criminals and outlaws, because we wanted an all-American organization. The Jews, the negroes, the Roman Catholics, all have their own organizations, to which no outsider can belong; yet they complain because the Ku Klux wanted to organize."

"There are twelve states in the Union where the Bible has been taken from the public schools. There is no law on the statute books of Illinois saying the Bible shall not be read in the schools, and no one had any authority to take it from them. No one has said the Ku Klux Klan cannot put the Bible back in the schools, and we are going to do it."

"The people of the state of Florida have a law which says that no flowers shall be shipped into that state, because they are liable to bring in bugs and blights, which may destroy the citrus fruits. The Ku Klux Klan intends to build a wall about the United States to keep out the bugs, the scum, and the cast-off dregs from southern Europe. When we gave the vote to our mothers and daughters, we also gave it to 3,000,000 foreign born women. Every man, woman or child who takes an oath of allegiance to the United States should be able to take that oath in English; yet there are people who have been made citizens of this country who cannot even nod their heads in English."

The speaker charged that in Illinois the public schools are using books which have an anti-protestant bias. This, he stated, is especially true of some histories used in the fifth grade. He charged Catholics with taking the New Testament scriptures from the schools.

This afternoon the tent will be used for a union service, at which Rev. W. E. Spooner and Rev. A. P. Howells will officiate.

TO PLAY AT MATANZA

Skinner's orchestra will drive over to Lake Matanza this afternoon and will furnish music at that resort this evening.

Jesse H. Stewart of Waverly was among the out-of-town callers in Jacksonville yesterday.

RT. REV. J. A. GRIFFIN TO VISIT JACKSONVILLE

First Official Visit of Springfield Bishop to Take Place Here Next Tuesday.

On Tuesday morning, September 9, there will be a very interesting Episcopal function at the church of Our Savior, the occasion being the first official visit of the Right Reverend James A. Griffin, bishop of Springfield. The bishop will celebrate a solemn pontifical mass at 9 o'clock. He will be assisted by the Very Rev. F. F. Formax as arch-priest, the Very Rev. William Costello and A. J. Smith, deacons of honor and the Rev. J. J. O'Donohue and G. E. Hobbs as deacon and sub-deacon respectively.

The combined choirs of the church of Our Savior will render the music under the direction of Margaret A. Ring.

Preceding the pontifical mass a reception will be tendered the Right Reverend Bishop and addresses will be made conveying the greetings of the people of Jacksonville. It is expected that beside celebrating the mass the bishop will deliver a sermon appropriate to the occasion.

CHAPIN M. P. CHURCH IN QUARTERLY MEET

Last Quarterly Conference of Church Held Friday — Other Chapin News.

The last quarterly conference of M. P. church for the year 1923-24 was held Friday evening at the church. Liberty church was represented by Mr. and Mrs. John Boddy. Reports were given by the pastor, Rev. Bertha Larson, the Sunday School superintendent, church treasurer, church stewards and other routine business transacted.

Hubert Craig and sister Miss Ruth Craig of Kansas City were guests of Mrs. Elizabeth Bridgman, Friday.

Mr. and Mrs. W. N. Bobbitt and family motored to Rock Island, Friday, where they will visit Rev. and Mrs. L. Hadaway, and then proceed to Antioch to meet Miss Myra Bobbitt who will accompany them home.

Stephen Reed came home Saturday for a short visit with his mother, Mrs. L. P. Cowdin.

BLUFFS RESIDENCE CONSUMED BY FLAMES

Bluffs, Sept. 6.—The Ewing Lankford residence, one-half mile east of town caught on fire in the attic about 8:30 o'clock Saturday morning and was completely destroyed with most of the furniture and furnishings on the second floor.

The furnishings and furniture on first floor were saved. Mrs. Lankford was ill in an upstairs room and she was carried to the burning house to the home of her son, Perry Lankford, in town. The Bluffs fire department arrived on the scene but was called too late to be of much assistance.

The building was insured for \$1,000 which at the present price of building material was less than one-fourth value.

TAKE PEORIA TRIP

Miss Ruth Jordan, Miss Nora Jordan, and Miss Mabel Turley were members of a party who motored to Peoria yesterday.

Mrs. Roy Sheppard, who has been visiting Morgan county relatives, left last night for her home in Hutchison, Kans.

TRICK ELEPHANTS WITH BIG CIRCUS

Three Herds Form Part of Exhibit with Hagenbeck-Wallace Shows—Coming Next Wednesday.

Three herds of performing elephants, or exactly 75,567 pounds of pachyderms are featured with the Carl Hagenbeck-Wallace Circus, which comes to Jacksonville for afternoon and night performances and grand free parade at 11 o'clock in the morning on Wednesday September 10th. It will be the first big circus to visit us this year.

During the winter months the elephants were taught the latest dances by their trainers, Bert Noyes and Miss Alma Wood, and in "Trilby" a little elephant of but 900 pounds Miss Wood claims to have the champion shimmy dancer of the white tops. "Trilby" is able to follow the music of Professor Don Montgomery's band just like a human and is said to be more proficient in the terpsichorean art than many of us, plain everyday folks.

Trainer Noyes had a different task in breaking in an act in which "Lovena," a prize tiger rides on the back of "Rosie" as these two animals are natural enemies, and their enmity goes back thousands of years. Six months training twice daily was necessary before the elephant would allow the tiger to mount her back, and even now she is not pleased about having the cat animal ride around the steel arena in a howdah.

The three herds of elephants are not only worked in the rings, but they must assist in putting up the big top, and also aid in getting the heavy wagons, especially the cook house, electric light plant, stake and chain, pole and canvass, and the other heavy load on and off the lot. Without the elephant it would be a difficult task to move a big circus, such as the Hagenbeck-Wallace, in the rainy weather, as one or two of these big land animals are able to move a wagon, hub-deep in mud, when sixteen horses would be unable to pull it an inch.

Both species of elephants, Asiatic and African are carried by the Hagenbeck-Wallace circus, and all of them appear in the street parade, which is more than a mile in length.

OUR SAVIOR'S HOSPITAL NOTES

Anna Elizabeth McManus of Woodson left the hospital yesterday.

W. L. Hickson of this city is among those able to return to their homes.

REAL ESTATE TRANSFERS
 Pearl Emma Aldrich to Ollie B. Elliott, part of lot 1 in Capps' and Oliver's north addition to Jacksonville, \$1.

EXPRESS OFFICE TO HAVE NEW QUARTERS

Business of American Railway Express Will be Centralized in C. B. & Q. Building on East State Street—Repairs Now Underway.

A force of men have begun work on the C. B. & Q. building, formerly used as their passenger depot, remodeling it for the American Railway Express Co.

When completed it will be a modern up-to-date express warehouse. It has been planned to meet the needs of a city with a population of 25,000 to 40,000.

At the present time the express company is handling its operations at three different locations with of course, three sets of employees. These locations are the city office, handling Wash business at 224 West State; old C. B. & St. L. freight building on Illinois avenue and office at C. & A. messenger depot. When the C. B. & Q. building is ready for occupancy the entire operation, including the city office, will be in this building.

This will not only enable the express company to give a more expedited service because of labor saved, but will be more convenient in some respects for express patrons. They will know exactly where to go to inquire for express or where to telephone, as express to be forwarded or received on any road serving Jacksonville will be handled at the new location.

The building will be ready about November 1st.

FUNERALS

Shields
 Impressive and largely attended funeral services for Miss Mary Shields were held at 9 o'clock yesterday morning at the Church of Our Savior, Rev. Fr. F. Formax officiating. The many beautiful floral tributes were cared for by Mrs. Charles Devlin, Mrs. Patrick Sheehan and the Misses Kate Hoban, Josephine Foley, Katherine Kiloran and Nell Faust.

The bearers were John Foley, Frank Sullivan, Thomas Tobin, Frank Kiloran, Joseph Sheehan and James Flynn. Interment took place in Calvary cemetery.

RETURNS FROM EAST

Miss Anne Berkley has returned to Jacksonville after spending the summer in the East, and will teach at the Illinois State School for the Deaf.

COMES FROM MT. STERLING
 Mrs. Gladys Newingham of Mt. Sterling, who will teach in the city this winter at the Jefferson school, arrived in the city Friday.

—A story of gold mining and human hearts—

—Monday and Tuesday—

A vivid story dealing with the romance of the old mining days, replete with intrigue, action, flooded mines, fights, excitement. Don't miss—

FRANK MAYO
 EVELYN BRENT
 TOM SANTSCHI
 PEGGY SHAW, in

The PLUNDERER

The story concerns a mine owned by a young easterner which has been abandoned as useless for years. Going to the property to investigate, he learns that a neighboring mine owner has cut a tunnel into his mine and is robbing him of gold. In the meanwhile, the youth has fallen in love with the

plunderer's daughter. The mine superintendent, played by Frank Mayo, takes it upon himself to act as mediator, in order that his young friend may win the girl and recover his property at the same time. But he has to force the plunderer with his fists. He does it—effectively.

COUNTY FAIR CLOSSES SUCCESSFUL SESSION

Morgan Enterprise Has Best Season in History—Record Crowds and Premium Entries.

The Morgan County Fair closed Saturday night after the most successful session in its history. Both crowds and premium entries were larger than ever before. The income from gate receipts and other sources is thought to be more than sufficient to pay all expenses. Premium money is to be forwarded to the winners by mail this week.

Music was provided yesterday by the Waverly band. At night the gates were open to all comers without charge. As previously announced, boy scouts from Franklin served at the scout "good turn" headquarters. These visiting workers were on duty at the following hours:

10 to 11—Melvin Dugger, Herman Rawlings.
11 to 12—Wayne Ralston, John O. Burch.
12 to 1—Lloyd Williamson, Fred J. Burch.
1 to 2—Marlowe Miles, Norman Sinclair.
2 to 3—Austin Beerup, Edward Vorbeck.

PREMIUMS AWARDS

Department 8—Beef Cattle.
M. Greenleaf, Superintendent.

In Department 4, Domestic Art Division B, Needle Work, the first award for a crocheted rug has been made to Miss Hattie A. Hayden, 323 Park street, Jacksonville.

COMMON SENSE DEFENSE

Mr. Editor:
Safety first for the people of the United States by demanding that congress pass a law prohibiting the manufacturing, sale or possession of guns except such as need reloading after one shot. The right to bear them will fulfill the constitutional rights. It will cut out revolvers and magazine guns that are only useful to hold up men and at the present time they are working over hours. The hold up men can find other employment.
A. Platt

The new Fall Millinery, \$6 values, \$3.98. The Emporium.

RETURN FROM LITCHFIELD
Misses Ada and Florence Gallely of the Mound Road, have returned to Jacksonville after spending the summer at the home of their sister, Mrs. C. E. Owen, in Litchfield.

James Masters, who has been in Morgan county to visit his father, F. M. Masters and his sisters, and other relatives, left last night for his new home in Arizona. Mr. Masters has been living in Idaho but is removing to Arizona for the benefit of Mrs. Master's health.

WILL LEAVE FOR HOSPITAL

Ralph Hudson, a world war veteran, will leave Monday for Milwaukee, where he will undergo treatment at the Veterans' hospital, a patient at the Morgan County Tuberculosis sanitarium.

A piano recital will be given by Miss Virginia Bullard Tuesday night at 8 o'clock at her home, Number 3 Duncan Place. This program will be given for the benefit of the State Street church building fund. Admission 75 cents. Open to the public.

COMMITTEE PLANS FOR DEFENSE TEST DAY

Committee Meets Yesterday Morning and Further Arrangements for Patriotic Celebration—Committees Appointed

Tentative plans for the observance of Defense Test Day were made yesterday at the meeting of the Defense Day committee which was held yesterday morning at 9:30 o'clock with R. W. Woolston as chairman presiding.

Decorations of the business district and every home in the city with the national colors and a patriotic parade in the evening at 7:30 o'clock which will be made up of citizens in marching as organizations except those of a military nature. The Community band has already donated its services and it is expected that the drum and bugle corps of the American Legion and Boy Scouts together with the colored band will furnish the music. Plans are being made to have floats representing the things patriotic such as "The Goddess of Liberty," "America" and the "Star Spangled Banner" in the parade. The principal address of the day will be delivered by an out of town man.

If the weather permits the celebration will be held out of doors with patriotic songs by the citizens and patriotic songs by some of the prominent singers of the city. In the event of bad weather arrangements will be made to hold the celebration indoors.

The following committees were appointed by General Chairman Woolston which were approved by those present:

Committee to Choose Chairman of the Day—William Fay, chairman; Harold Welch, Mrs. Herbert Capps, Col. O. C. Smith.

Committee on Speakers for the Day—Homer Bradley, Grand Chief de Gare, Grand Voiture D'Illinois; Mayor E. E. Crabtree, Vincent Riley; B. F. Shafer, J. C. Lukeman.

Committee on Music and Entertainment—J. C. Lukeman, chairman; J. Bart Johnson, C. E. Segner.

Committee on Parade—Captain James, commander Howitzer company, chairman; Grant Hughes, grand correspondent of Forty and Eight; C. E. Segner, post commander, American Legion; Mrs. R. Jennings, Women's Auxiliary; Mr. Angie Weber, Relief Corps; L. Goheen, G. A. R.; B. F. Shafer, superintendent of city school; Col. O. C. Smith, past commander Spanish-American War Veterans; Dr. E. L. Hills, managing officer Central Hospital for Insane; Mrs. Frances Brown, Service Star Legion.

Decorations Committee—C. O. Gordon, Dr. A. M. King, Dr. H. C. Woltman, Lloyd S. Reed, William G. Benson, Dr. R. R. Buckthorpe, Francis Rantz, John W. Larson.

Finance Committee—H. K. Snyder, chairman.

Publicity Committee—J. W. Walton, chairman.

GUESTS RETURN TO CHICAGO

Miss Helen Vickery and her guest, who have spent the last six weeks in the city visiting Mrs. E. C. Vickery at the Colonial Inn, left yesterday for their homes in Chicago.

RETURNS TO CHICAGO

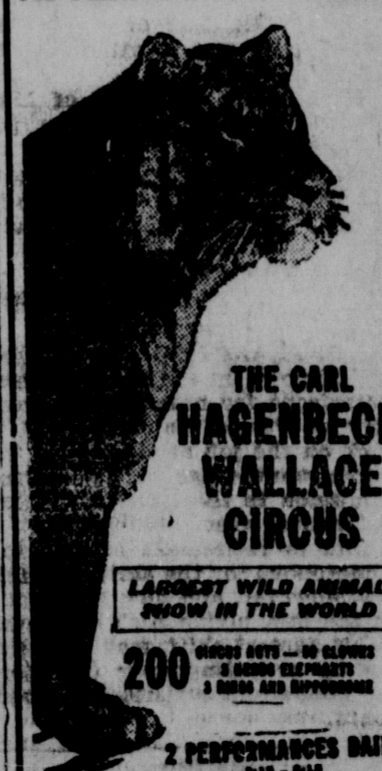

Mrs. Leonard Patterson, who has been a guest in Jacksonville for the past number of days at the home of Mrs. Mary Patterson, left last night for her home in Chicago.

RETURNS FROM WASHINGTON

Herschel Wood has returned to Jacksonville after a year's absence spent in Spokane, Wash., with his sister, Mrs. T. H. Allison.

Alonzo McNeely of south of Murrayville was a caller in the city yesterday.

Mrs. Albert Campbell of Merritt was a caller in Jacksonville yesterday.

Mrs. C. T. Windmiller of Pleasant Hill was among the callers in the city yesterday visiting friends.

"JACK THE GRAPPLER" IS BACK ON THE JOB

SAN FRANCISCO, (AP)—Fred Link, known on the San Francisco waterfront for nearly half a century as "Jack the Grappler," is back on the job at the age of 75.

Three months ago he applied for admission to the city relief home and retired from his labors.

Life in retirement became too monotonous for the active old fellow, however, and now he is back on the bay, playing back and forth in his ancient skiff, making a living by grappling near the piers for goods and articles lost overboard.

COTTON OUTLOOK IN ILLINOIS BRIGHT

SPRINGFIELD, Ill. (AP)—Cotton in Illinois this season occupies approximately 16,000 acres according to the annual Illinois cotton report, released today by A. J. Surratt, federal agricultural statistician for Illinois.

The cotton industry, confined largely to the southernmost states with the major crop in Alexander, Pulaski, Massac, Union and Johnson counties, has been retarded somewhat by the cool weather, but the ample moisture has supplemented this condition, making a normal crop possible, according to Mr. Surratt.

The crop development has overcome, to some extent, the handicap of a late start. Growers have made good progress with field work, and fields are quite clean.

The crop prospect was estimated, on August 1, to be 74 percent of normal, with increasing favorable conditions.

The crop outlook of the United States was estimated to be 12,351,000 bales an increase of 417,000 bales over the July estimate.

No great amount of damage has been done so far by the boll weevil, although the pest is reported in all cotton sections, except in Illinois.

Cotton plants are thrifty in

Illinois, with good color and blooming favorable, the report states.

The condition of cotton for other states is as follows: Virginia 51; North Carolina 58; South Carolina 60; Georgia 73; Florida 75; Alabama 70; Mississippi 77; Louisiana 58; Texas 66; Arkansas 71; Tennessee 69; Arizona 82; New Mexico, 82; Missouri, 82; and Oklahoma 76.

Hot dry weather in the western portions of the United States has decreased crop production by forcing the blooming ahead of the usual time.

WOODSMEN TO STATE LOG ROLLING CONTEST

EAU CLAIRE, Wis. (AP)—An old-time sport for woodsmen of northwestern states will be revived with the staging of an interstate log-rolling tournament here September 7.

Not since 1914 have woodsmen of the northwest gathered in competition. Recently numerous challenges have passed between woodsmen of the northwest region, which has led to a revival of the tournament. The "world champion log roller" will be determined at the meet.

RETURNS TO CITY

L. S. James has returned to the city after an extended visit in Cambridge, Mass., and other points in the east.

ARRIVE IN CITY

Miss Laura Mawford of Springfield arrived in the city Friday night to spend the winter in Jacksonville as instructor of Mathematics at the local High school.

NEW DIVING SUIT TRIED

MUNICH, (AP)—A Kiel firmer is experimenting at Walchen Lake with armored high pressure diving suits. Divers, it is said, may reach depths of 300 feet or more.

Hart Schaffner & Marx know what young men's clothes ought to be

\$35 - \$45

THEY must be stylish first of all; not only the right number of buttons and all that, but such details as the correct width at trouser cuffs; proper button spacing; a certain easy drape to the coat and trousers; a hundred and one little things that are just as important to us and to Hart Schaffner & Marx as they are to you. They must be made of fine all-wool fabrics to keep their shape and give good service. They must be economical ---you'll find all of it here

The new fall fabrics

They're different; parrot blue is a good one, so is the new lava gray and the grays with a purple cast; London Lavendar, many new shades of brown.

Great variety of fabrics

There are many new things to choose from; blues in self patterns and striped and heavy diagonals; tweeds, cheviots and new ideas in worsteds.

Social and Club Events

Entertained Sunday School Class

Miss Helen Walton was hostess to members of her class in Westminster Sunday School, Saturday afternoon at her home on West State street. The children played games of various kinds and when refreshments were served there were favors for each one. In the leant hunt, Rose Mary Coultas won the prize. The hours from 2:30 to 4:30 o'clock were spent quite happily.

Farewell Party for Manley Hettick

A farewell party honoring Manley Hettick, was given recently at the home of Miss Helen Recker, 8 1/2 West Side Square, when a number of immediate friends of the guest of honor were present. Mr. Hettick will leave soon for California changing his plans to leave September 6, because of the illness of a member of his family. The evening hours were spent with informal entertainment, and prizes were won by Miss Eleanor Lear, Paul Ogle, Miss Scott and Manley Hettick. At the close of the evening, delicious refreshments were served.

Those present were Misses Doreen Ogle, Nina Logan, Allen Scott, Dorothy Lee, Eleanor Lear, Erith Imhoff and Viola Dixon, and Messrs. Paul Ogle, Wayne Sweeney, Maurice Allen, Glen Lear, Ralph Mitchell, Charles Nunes and Manley Hettick.

Miss Cobb Entertains

The faculty members of the Jefferson school were guests of their principal, Miss Clara Cobb, yesterday afternoon, when she entertained them informally at her home at 721 East State street.

Miss Cobb entertains at the beginning of each school year with an informal reception in honor of the new members of her teaching staff. Miss Juns Kendrick of Pittsfield, was the guest of honor at yesterday's affair, being the only new member on the staff. The afternoon's hours were spent socially, and concluded with the serving of attractive refreshments.

Liberty Club to Picnic at Murrayville Today

About 50 guests, including the members of the Liberty club and their families, will be entertained today, when they will meet at the home of Mr. and Mrs. George Riggs, southeast of Murrayville for a social meeting and picnic luncheon. The party will motor to Murrayville, leaving the city a little before noon.

K. Club Members Guests in Chapin

Members of the K. club were entertained for a delightful meeting Friday night, when they were guests at the home of Mrs. F. Filson, in Chapin. The club members, numbering 16, made the trip from Jacksonville to Chapin by motor, where they were entertained for the evening at Mrs. Filson's home.

VALUABLE STAMPS FOUND

LONDON—During the turning over of old documents in the Record Office here, a batch of New South Wales postage stamps of the 1855 issue was discovered. Collectors value them at \$4,500. The stamps were attached to a report sent to the colonial secretary by the governor of New South Wales.

IS MEDICAL DIRECTOR FOR THE CLOVERLEAF

Dr. Myron Snell Here to Take Important Post with Insurance Company—Served in Army for Long Period.

Dr. Myron W. Snell has recently come to Jacksonville to fill the position of medical director of the Cloverleaf Life & Casualty Co. Dr. Snell came to this city from Milwaukee where he has been chief surgeon at the National Soldiers Home for Disabled Veterans. As a part of his work there Dr. Snell has had supervision of the construction of a 1100 bed tuberculosis sanatorium for veterans of the world war.

After finishing his education at Jefferson Medical school in Philadelphia, Dr. Snell began his practice in Litchfield, where the family has long been prominent. He built up a successful practice and was the leading spirit in the hospital.

In 1917 he enlisted for the war and was in active service for a long period, leaving the service with the rank of lieutenant colonel. It was after the war that he began his hospital work at Milwaukee.

By training and experience Dr. Snell is especially qualified for the important duties he assumes as medical director of the Cloverleaf Life Co., and its rapidly increasing business.

Dr. Snell's son, who will be a junior in the Jacksonville high school, arrived here yesterday and Mrs. Snell is to come in the course of a few days. The family will have apartments for the present at the Colonial Inn.

MAYOR USES COLUMN TO TELL ABOUT WORK

Pierre, S. D. (AP)—In an era of newspapering which abounds in "columns" and column-conducting, John E. Hipple, publisher of The Pierre (S. D.) Capital Journal and Mayor of Pierre, is the conductor of a column which is believed to be unlike any other in an American newspaper.

The feature is called "The Mayor's Column," and the publisher-mayor devotes the space "to the information of the public as to city operations, and as a bulletin for imparting official news." Written in a breezy, conversational style, it expresses the mayor's ideals for the city, his views on municipal reforms or undertakings, and a summary of achievements, with now and then a sharp suggestion about some homely phase of citizenship or municipal conduct.

Menus for a Family

Tested by SISTER MARY

Breakfast—Stewed prunes, cooked wheat cereal, top milk, broiled finnan haddock, breakfast rolls, well toasted rolled oats, bread, coffee, cocoa.

Luncheon—Steamed spinach, graham bread sandwiches with fruit and nut filling, iced tea, orange juice.

Dinner—Fricassee of chicken, mashed potatoes, boiled onions, apple and nut salad, junket ice cream, coffee, milk.

If there is a real baby in the family who does not come to the table, he may have a tablespoon of the spinach put thru a puree strainer for his two o'clock "feeding." The juice of the prunes will please him at 8 o'clock.

When you are serving iced tea you will find orange juice a delightful drink for the small folk. They won't beg for "just a taste" of the tea but be healthy and happy with their own special beverage.

Children under six years of age may eat the white meat of chicken, the potatoes, onions finely chopped, and 2 tablespoons of the ice cream, eaten very slowly. Finely chopped apple without the nuts or dressing should be the salad.

It's the most natural thing in the world for kiddies to love sweets and in the dried fruits.

THE FIRST WOMAN'S CLUB IN THE STATE

A writer in the Quincy Whig-Journal raises the question as to whether or not the honor belongs to Jacksonville or Quincy of having organized the first woman's club in this state. The subject is brought to attention because of some "Personal Recollections" of Mrs. Paul Selby, published by the Illinois Historical society. Mrs. Selby says that Quincy should have the honor of second place in organizing a woman's club, Jacksonville being first.

The Quincy editor doubts this statement and believes that "Friends in Council" of Quincy came into existence first.

It has long been the pride of Jacksonville that the Ladies Educational society was organized in this city Oct. 4, 1833, and that this organization was the first among the women of the state. The committee of organization Miss Sarah C. Crocker, Mrs. Julia M. Sturtevant, Mrs. Edward Beecher, Mrs. C. W. Baldwin of Jacksonville and Mrs. John Tillson of Hillsboro.

On the day afterward the society was organized and continues in existence to this day. The Quincy writer, referring to the subject of "first honors" has the following:

"Those interesting 'Personal Recollections' of Mrs. Paul Selby published by the Illinois Historical society, have created a bit of controversy in one particular, although as a whole they are accepted as authentic. In one respect her writings have shattered a tradition which has always been accepted as a fact by the people at least of the present generation, and that is, that the first woman's literary society in the West was organized in Quincy. According to Mrs. Selby the first one originated in Jacksonville, although it must be said she qualifies this by saying she 'believes' this to be true and does not state it as an actual fact.

"The first literary club composed of women was organized by Mrs. M. B. Denman, who furnished a one-room cottage on the rear of her home at Ninth and Broadway, which she bequeathed to the 'Friends in Council.' This building has since been removed to the grounds of the Quincy Historical society at Twelfth and State streets, and it has always been pointed out to visitors as the home of the first woman's literary club in the entire West.

"Mrs. Selby's 'Recollections' rather shatter this ideal and it is probable there will be further research to prove that the contention of the Quincy Historical society is right, and that this former amiable Quincy woman may possibly be mistaken. What Mrs. Selby has to say relative to the 'Friends in Council' of Quincy in her 'Personal Recollections' will be read with much interest.

"Quincy should have the credit of being the second city in the West to organize a woman's literary club, Jacksonville (Ill.) being the first, I believe. Mrs. M. B. Denman, a lady of culture and leisure was the moving spirit. She soon obtained the cooperation of congenial friends and 'Friends in Council' came into being. She furnished a room for the regular meetings. There happened to be a little one-story building on the grounds near her home, that had been Mr. Denman's office, but was no longer used by him, and this was prepared and devoted to the use of the club. I was so fortunate as to be invited to 'join,' which I did with pleasure, so I can speak with confidence about this enterprise. There were a number of really fine minds that assembled there, and very interesting programs were enjoyed."

WINCHESTER LAD IS TAKEN BY DEATH

John Stewart Miner Succumbs at Early Hour Saturday Morning After Brief Illness—Schools to Open Monday—Other News Notes

Winchester, Sept. 6.—The community was shocked Saturday morning by announcement of the death of John Stewart Miner, oldest son of Mr. and Mrs. Earl Miner. The young man was taken ill Wednesday but his condition was not considered serious until Friday. He was taken to Our Saviour's hospital in Jacksonville, where he underwent an operation and passed away at 4 o'clock Saturday morning. Many of the friends of the young man did not even know of his illness, so sudden was it. He was expecting to begin his work with the senior class of the high school Monday.

The deceased was well known and held in very great esteem by all. He was a member of the Baptist church and at the time of his death was serving as president of the B. Y. P. U. He is survived by his parents and one brother, Edward Miner; his grandfather, Dr. James Miner and other relatives.

The funeral services will be held from the Baptist church Monday afternoon at 2:30 o'clock.

Teachers Listed

The schools will open Monday with the following teachers:

Grade building:
Miss Olive Wells, principal.
First—Miss Barbara Owings.
Second—Miss Maude Sperry.
Third—Miss Kathleen Oehler.
Fourth—Miss Maude Gillham.
Fifth—Miss Beulah Green.
Sixth—Miss Freda Vortman.
Seventh—Mrs. Isabel Cowhick.
Eighth—Miss Olive Wells.
Community high school:
C. W. Smith, superintendent.
E. L. Dillon, agriculture.
Vane Rutherford, chemistry, physics and physical training.
Raymond Miller, manual training.

Glady's Laughlin, home economics.

Lura Hurt, history and civics.

Helen McCutcheon, mathematics.

Anita Metcalf, French and Latin.

Cecil Christison, English.

Ione Kuechler, commercial.

Maurine Mader, physical training.

News Notes

L. Burl Hornbeck and William L. Moore will leave Sunday for Jerseyville to make entries in the hog department of the Jersey county fair.

The funeral of Mrs. Stephen Cumby was held at the late home Friday morning. Elder Homer Evans had charge of the services and the music was furnished by Mrs. W. H. Kinison and Miss Martha Higgins. Burial was made in the Young cemetery.

Miss Metcalf of Greenfield arrived Saturday to be in readiness for the opening of the fall and winter term. Miss Metcalf is a member of the high school faculty.

Frank Roosa left Saturday night for Des Moines, Iowa, where he will enter Drake college for the fall and winter term.

DEFECTIVE VISION IN STUDENTS PREVALENT

URBANA, Ill.—Defective vision among college students is more prevalent among those from larger cities, according to Dr. J. Howard Beard, health officer of the University of Illinois. Dr. Beard attributed the fact to the constitution of the city population and to the excessive eye strain incidental to city life and work.

Twenty-five per cent of the men and 32 per cent of the women applying for registration at the university last year were found to have defective vision.

Mrs. W. I. Crabtree and son have moved from South Jacksonville to 346 West Court Street.

CLUBS

At a recent meeting of the Ladies Aid society of Northminster church it was planned to have the annual church supper on October 23rd.

The Service Star Legion will hold an important meeting at the home of Mrs. F. J. Andrews on West College avenue next Thursday afternoon at 2:30 o'clock. A full attendance is desired. All members please bring in all finished work.

The Missionary society of the State Street Presbyterian church will meet at the home of Mrs. William Floreth, 523 West College avenue, Tuesday afternoon, September 9.

The Pastors Aid society of Grace church will hold a business meeting at 3 o'clock Wednesday afternoon in the church parlors. All chairmen of standing committees are urged to be present.

The Mary Melton division of the Women's Foreign Missionary Society of Centenary church will meet Monday evening, September 8th, in the parlors of the church for the annual election of officers and other business which is included to be brought up at the meeting. Mrs. Francis, Mrs. Kinney, Mrs. Hoagland and Mrs. Bartlett will be the hostesses of the evening.

The Colored Women's club will meet Monday afternoon at 2:30 o'clock at the home of Mrs. Josie Mounts, 735 East College avenue. All members are requested to be present.

The regular monthly meeting of the Brooklyn Ladies Aid society will be held Thursday afternoon at the home of Mrs. C. O. Redding on South Diamond street. Mrs. W. Jackson will be assistant hostess.

The Westminster Missionary Society will meet Tuesday with Mrs. O. F. Conklin, 1515 Mound avenue. Mrs. Scott Russell will have the paper on "India's Religious and political situation."

DEATHS

The remains of Harry C. Walter a former local resident who died Saturday morning in a Chicago hospital, will arrive here via the Alton at 7 o'clock this evening, and will be taken to the John M. Carroll funeral parlors, and later to the residence of P. A. Henneghan, 622 West College avenue, where funeral services will be held at 2:30 o'clock Monday afternoon. Interment will be in Diamond Grove cemetery.

Deceased was born on a farm east of this city Dec. 1, 1881, a son of the late J. M. and Sarah Walter. He is survived by two sisters, Mrs. Clara Mann of this city, and Mrs. Frank T. Hunter of Sinclair. Previous to leaving this city for war service, he was employed by the Jacksonville Engineering Co., and since his discharge in 1919, he has been connected with the Western Electric Co., in Chicago.

FROM NEBRASKA

J. H. Coons, of Richardson county, Nebraska, is back home where he came to attend the Coons family reunion. He was in the city yesterday with his cousin, C. M. Coons, six miles east of the city. The gentleman's family left for the west in 1869 and endured many hardships. The worst he vividly recalls was the grasshopper plague in 1874 when the land was utterly devastated. All manner of clothing left exposed was devoured and even much wood, soft weatherboards on houses and even handles of implements were attacked.

Many left the state in despair, but Mr. Coons' father persevered and made good later on. The son is now well fixed but still loves old Morgan county, Illinois, and would like to live here.

The Coons family are long lived. C. M.'s father, so well known as "Uncle George," was almost 95 when he died, and the father of the Nebraska visitor lived to be 90. Both were much respected.

DUNCAN FAMILY BACK FROM EXTENDED TRIP

Dr. and Mrs. W. P. Duncan and three children recently returned from an extended motor trip thru the northwest and western central states. They visited some interesting parts of the country, especially the Bad Lands of South Dakota. At scenic, S. D., where the people have to haul their water five miles from a mountain spring, Dr. Duncan made the acquaintance of an American college professor and six students who were in that region making geological investigations. They had found a number of specimens of prehistoric animals, which seemed to prove that the region, though now comparative desolate, was once fertile and supported an extensive animal life.

The professor made Dr. Duncan a present of the jawbone of an

A Journal Classified "ad" costs little — and gets Results.

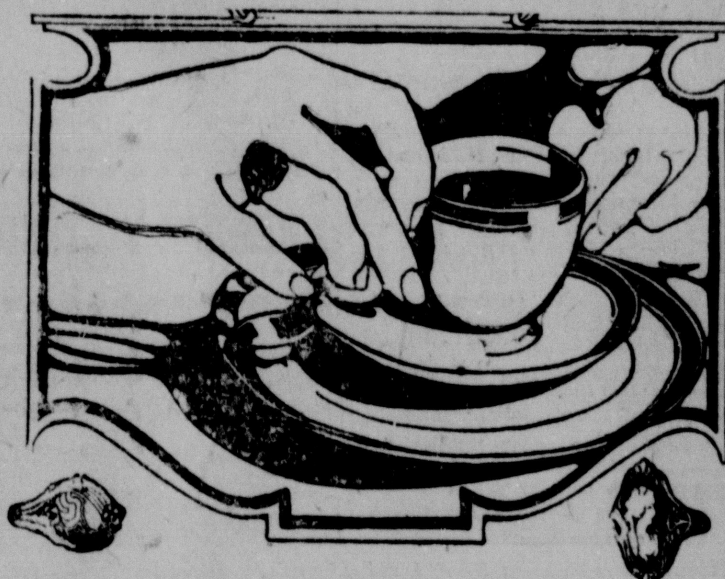

ancient three-toed horse. Many skeletons of this animal have been found, also specimens of the sabre-tooth tiger and the giant lizard of antiquity.

Dr. Duncan and family went first to Wisconsin, then thru St. Paul to Fargo, N. D., then to Billings, Mont. They entered Yellowstone park thru the Coney gate, and came out by way of the south gate into the famous Jackson Hole game country. They then went down into Wyoming and Colorado, visiting Caspar, the greatest Standard Oil center; Cheyenne, Denver and Colorado Springs.

Turning back thru South Dakota, they toured the Black Hills and the Bad Lands, the region of the burning sun and impure alkali springs, crossed northern Wisconsin to Green Bay, and returned home by way of Milwaukee.

Miss May Murray is spending the week end at the home of Miss Anna Doolin of north of Murrayville. The two young ladies will return to Jacksonville in time to enter Routt college which opens Tuesday.

LATEST NEWS OF THE SPORTING WORLD

PADDOCK TIES TWO OF WORLD RECORDS

Makes Century in 9 3-5 Seconds and Steps 220 Yard Distance in 20 4-5—Murchison Finishes Second.

WEST ORANGE, N. J. Sept. 6. (AP)—Charles Paddock of Los Angeles, today reinforced his claim to the title of "fastest human" by equalling the world's record for the 100 yard and 220 yard dashes in winning the two events at the national senior A. A. championships under direction of the Newark A. C.

The coast flier nosed out Loren Murchison and Al Leoney at the tape in the century in 9 3-5 equalling the record held jointly by himself and others. In the 220 yard dash there was no wind and Paddock left Murchison four yards behind with an amazing burst in the last 30 yards. His time, 20 4-5 seconds, equalled the mark held exclusively by himself.

Illinois A. C. won the team honors with 43 points when Tom Lieb and Gus Pope took first and second places in the discus, the final event. New York A. C. was second with 33. Newark A. C. third with 31 and Boston A. C. fourth with 20.

Only five of the fifteen national champions who competed today were successful in defending their honors. They were Tom Lieb in the discus throw, Fred Tostell in the hammer, DeHart Hubbard in the broad jump, E. F. Myers in the pole vault, and Mat McGrath in the 56 pound weight. In other field events, Ralph Hills took Orville Wanzler's shotput title, H. Martin won the hop, step and jump, John Leyden captured the javelin throw, and Fred Juday furnished a real upset by winning the running high jump over LeRoy Brown the champion and Dick Landon, former titleholder.

AUSTRALIA STILL IN DAVIS CUP RUNNING

Brookline, Mass. Sept. 6.—Gerald L. Patterson's fine competitive spirit put Australia safely into the challenge round of the Davis cup when he defeated Jean Borotra, the French tennis captain, 6-3, 6-1, 6-3, in the deciding match of the inter-zone final at the Longwood Cricket Club today. In the concluding match of the series Rene LaCoste, 20 year old Parisian followed by earlier victory over Patterson by vanquishing Pat O'Hara Wood 3-2, 6-1, 6-1, 7-5.

PIRATES TAKE TWO GAMES FROM CARDS

Win First Contest 5 to 2 and Second 12 to 5—Maranville Hits Circuit Drive in Second Tilt.

PITTSBURGH, Sept. 6.—The Pirates took both ends of a double header from St. Louis today 5 to 2 and 12 to 5 in the closing games of the series. The first game was a duel between Yde and Stuart, but the second game saw six pitchers in action. Cuyler hit a home run in the first game and Maranville hit a circuit drive in the second.

Yanks Lead Batting With Senators Close

CHICAGO, Sept. 6.—(AP)—Washington's gallant fight to conquer the Yankees in the race for the American League championship is an interesting tale of figures reflected in the batting averages today.

Comparison of the Yanks and Senators reveal five Washington players hitting in the select .300 class, while the Yankees can boast only four, including Ernie Johnson, a utility player, who has only participated in 56 games. Outfielder Goslin leads the Senators in batting with an average of .335, followed by Rice with .328. Judge is hitting .317, Liebold .304 and Matthews .301.

The Yankees have their mighty Ruth as their batting mainstay. The Babe, however, has shown a tendency to slip, the latest averages, including games of Wednesday, giving him an average of .386, compared with .392 a week ago. He has totaled 42 homers. Johnson is batting .358, Meusel .318 and Dugan and even .300.

Washington has almost reached the 200 mark in sacrifice hits and of these Stanley Harris, the boy manager, himself is credited with forty-one. Harris also is tied with his teammate Sam Rice, for the honor of running next to Eddie Collins of the White Sox in stealing bases. They have 19 a piece, compared with 39 for Collins. The Washington team reached the 100 mark in thefts, compared with 58 for the Yanks. Walter Johnson, pitching ace of the Senators, is the outstanding pitcher of the league. He is enjoying a percentage of .750, the count for him against eighteen victories and six defeats.

In team batting, the Yankees excel. They have gathered 1,312 hits for a total of 1,919 bases, compared with 1,283 hits for the Senators for 1,193 bases. The Washington players have scored 616 runs, compared with 685 for the Yankees. In sacrifice hitting, however, the Senators have scored 196, compared with 163 for their opponents.

In individual batting, Jameson of Cleveland remains next to Ruth, with a marks of .355. Falk of Chicago follows with .349, with Eddie Collins, White Sox captain, fourth with .347.

Other leading batters: Speaker, Cleveland, .346; Cobb, Detroit, .343; Boone, Boston, .340; Myatt, Cleveland, .338; Bassler, Detroit, .337; Goslin, Washington, .335.

National League

In the National league, the sensational batting of Rogers Hornsby overshadows the performance of all others. The St. Louis star, when forced out of the game due to an injured back, was hitting .432 and going a terrific pace. He has accumulated a total of 205 hits for 336 bases, including 22 home runs. His retirement enabled Fournier of Brooklyn to gain slightly in home run honors, for Fournier increased his total to twenty-six.

Cuyler of Pittsburgh with an average of .381, continues to rank second to Hornsby. Wheat of Brooklyn is third with .376, followed by Young of New York and Bressler of Cincinnati with .341 each.

Carey of the Pirates is in no danger of losing the base stealing honors. He's leading with 87. Other leading batters: Roush, Cincinnati, .340; Fournier Brooklyn .338; Kelly, New York .328; Frisch, New York, .322; High, Brooklyn .322.

American Association

As the clubs in the American Association wing into the final stretch of the season, Johnny Neun St. Paul first baseman, is showing a flash of speed, both in batting and base stealing, that promises to carry him through the wind-up. He is leading in hitting with .370 an increase of a point over a week ago, and also in stolen bases, with a total of forty-nine.

While Neun was strengthening his position, Drensen of the Saints fell into a slump, dropping into fourth place. Brief of Kansas City moved into second place with .362, with Earl Smith of Minneapolis third with .357. Drensen is batting .356. Elmer Smith of Louisville is clinging to the home run honors with 24, followed by Reb Russell of Columbus with twenty-one.

Other leading batters: Bell, Milwaukee .343; Murphy, Columbus .343; Smith, Louisville .343; Christenbury, Indianapolis, .342; Brooks, Columbus .342; Russell, Columbus, .341.

Southern Association
Led by Third Baseman Smith, the Atlanta Crackers, in a desperate effort to overhaul Memphis for the Southern Association championship, are battling just a point under the .300 mark as a team.

Smith and Burrus of Atlanta are hitting respectively .389 and .372. Carley of Memphis is third with .361 while Niehaus of Chattanooga, fourth with .350. Stewart of Birmingham increased his base stealing total to 57. Marriott of Mobile is trailing with forty-two. J. Anderson

Buy a Buick and keep on smiling. Buy something else, and then you'll wonder how in thunder, you ever made such an awful blunder. Bl-eeve, me, Buicks are going fast.

of Chattanooga has connected with 23 homers, leaving Paschal of Atlanta second with seventeen. Other leading batters: Guyon, Little Rock .345; Paschal, Atlanta .345; D. Anderson, Chattanooga, .343; Yaryan, Memphis, .342; Hakwes, Nashville .335.

Western League

Jack Leivelt, first baseman-manager of the Tulsa club, once a batting star in the majors, is the new batting leader of the Western League. He is batting .393, three points better than his teammate, Lamb, who has been leading. Miller, St. Joseph with .375, and Washburn, Tulsa with .367, are next.

Washburn and Davis, also of Tulsa, each have thirty-eight home runs. Culp of Omaha is next with thirty-seven. Smith of Wichita leads the base stealers with fifty.

Other leading batters: Butler, Wichita, .359; Dunning, Wichita, .358; Osborne, Omaha .358; Culp Omaha .357; Giugliardi, Denver .355; Davis, Tulsa, .352; O'Brien, Denver .352.

Billy Evans SAYS

Fast accurate play around second base is one of the greatest essentials to a winning ball club. More ball games are lost thru failure to complete double plays that should have gone through, than any other feature of the sport.

"The Athletics jumped from an ordinary to a good club the moment Gallows at short and Bishop at second began to work together smoothly," was a remark Connie Mack made to me recently.

Mack gave much of the credit of the improved play of his club to the fast accurate play around second base.

In this respect no ball club in the American League steps faster than the Washington Nationals. The infield presided over by Manager Stanley Harris is chain lightning in handling the ball. I believe I am conservative in saying that I have seen a dozen ball games saved to the Washington club by some seemingly miraculous double play pulled by the Nats' infield.

In a recent game with Chicago, five double plays were made. Each double play stayed off an impending rally and pulled Pitcher Zachary out of a hole. Failure to have completed those plays would probably have meant four or five runs for Chicago and the ball game.

Five double plays, by the way, ties the major league record for two-ply killings.

Any number of clubs in both major leagues have pulled off that many but no team has ever made it a half dozen. Washington missed one double play in that game by a narrow margin.

In making the double plays that look impossible fast handling of the ball from every angle of the play is necessary. There also must be perfect co-ordination between the two players at the pivot base.

The man covering the player taking the throw, must be off at the crack of the bat and time his arrival at the base well high perfectly. The player first handling the ball must deliver it to him with plenty of speed.

Fast pivoting at the base covered is very important and the throw to complete the play must be speedily made.

Hardy covering of the base and the tossing of the ball to the player covering, causes many double plays to be lost by a step that should be completed," says Roger Peckinpaugh, famous Washington shortstop.

"The players figuring in a double play must do a bit of gambling with speed the keynote of everything. The slightest delay at any stage may prove just enough handicap to lose the play."

The great double play combinations like Tinker and Evers, Collins and Barry, Peckinpaugh and Harris and others equally good, always dazzle with their speed.

The double play weapon has been a winning threat that the Washington club has exercised over its opponents this year.

SENATORS DEFEAT RED SOX WITH EASE

WASHINGTON, Sept. 6.—The Senators had little difficulty today in taking the second game of the series with the Boston Red Sox, 8 to 2. Altho Mogridge was touched for eleven hits he kept them widely scattered and was never in serious trouble.

Score:
Boston . . . 000 000 110-2 11 2
Washington . . . 000 013 00x-8 10 0
Ehmke, Piercy and O'Neill; Mogridge and Ruel.

WILLIAM MEHLHORN IS EASY GOLF WINNER

Finishes Eight Strokes Ahead of Al Watrus—Chick Evans Takes Third Honors and Eddie Held Places Fourth

CHICAGO, Sept. 6. (AP)—Outstripping his nearest competitor by eight strokes, William Mehlhorn, St. Louis, today won the western open golf championship at Calumet Country club with a score of 293, five over par for the four circuits of the 6,614 yard links.

Al Watrus of Grand Rapids finished second with 301 while Chick Evans took third honors with 302 and Eddie Heid of St. Louis, another amateur, was next with 303. These were the only two amateurs to finish among the prize winners.

Following these four leaders, Al Epinosa, Chicago, Leo Diegel of Washington and Jack Burke of St. Paul, shared fifth place with 304. The last named golfer got that score by holing a long approach for an eagle three on the last hole.

Jack Hutchinson, Chicago, who won the title last year had to be content with eighth place and he got his 305 only by playing far better today than he had during the first two days when he accumulated two 75's.

Today's victory gave Mehlhorn the first important championship he has ever won since he took up golf as a caddy and assistant professional at the Calumet Country club in 1914. After Mehlhorn had become a good shot maker he served as a professional at Tulsa, and Shreveport before going to the North Hill club at St. Louis. His play during the tournament was good thruout and at times was brilliant enough to allow him to make or equal records. He started ordinarily enough with a 39 for the first half of the initial round but came back with a 37 for a good 76 on Thursday.

The second day he set a course record of 34 for the first nine and equalled par on the second half, tying the course record of 70 set by Al Epinosa on Thursday. He got a good 74 this morning and with a record of 34 for the second nine this afternoon scored a 73. His cards were remarkable in that they included not one hole in two. He captured 13 birdies, was one over par on 16 holes and two over par one hole.

Other scores included:
Harold Long, Pontiac, Ill., 81, 86, 312.
Bob Peebles, Lincoln, Ill., 76, 84, 316.
R. L. Christie, Joliet, Ill., 76, 85, 322.

MRS. CAMPBELL HURD IS QUEEN OF LINKS

NYATT, R. L. Sept. 6. (AP)—Mrs. Dorothy Campbell Hurd of Philadelphia today became queen of the American links for the third time, defeating Miss Mary K. Browne, of Santa Monica, Cal., former tennis champion, whose progress in her first national golf tournament has been amazing. The score in the 36 hole final was 7 and 6, yet this decisive defeat leaves some glory for the woman from the Pacific coast.

She progressed farther in her first effort to win the golf title than many competitors have in years of effort. Experience of a veteran of the links, who earlier in life held three national championships in one year—American, Canadian and British—told against the novice who learned golf only a few years ago after winning many tennis titles.

Miss Browne advanced to the final round by taking advantage of the mistakes of her more experienced opponents, including the remarkable Miss Glenna Collett, whom she eliminated in an extra holes semi-final match.

Thirty holes were played and Mrs. Hurd made the better approaching shots at 19 of them, short holes excepted.

That was the main factor in the match. Yet Miss Browne had the better tee shots at 16 holes and had nine on putt greens to seven for Mrs. Hurd. Miss Browne, however, took three putts at one green to lose the whole, while Mrs. Hurd never took more than the orthodox two putts.

TIGERS TAKE CLOSE GAME FROM INDIANS

DETROIT, Sept. 6.—An eighth inning Cleveland rally of four runs was one short of enough to win and Detroit took the third straight game from Cleveland today 5 to 4. Cleveland used six pinch hitters.

Score:
Cleveland . . . 000 000 040-4 8 2
Detroit . . . 211 010 00x-5 11 1
Shaute, Metevier and L. Sewell; Leonard, Daus and Woodall.

"FOR SALE"

Six-room House on Jordan St. E. Z. Terms. C. N. PRIEST

By Joe Williams
Saratoga Springs, N. Y. Sept. 20.—The fur-bearing Mr. Firpo has decided to battle Wills at his own game. Wills' own game is Bowery polo, a quaint sort of diversion popular with nomadic African tribes. It consists solely of two trekked cubes which are tossed about on the floor with a speculative abandon to the accompaniment of low, guttural commands, such as "Come on, you natural," "Oh you Phoebe," and "Baby needs a new pair of kicks."

Your correspondent was privileged to observe Mr. Firpo at his training today and is in position to say that the Argentinian is an awful bum. Mr. Firpo does not know the first principles about craps-shooting as the art is practiced in this country and if the boys let him get away with his shirt it will be due solely to a stricken conscience.

It may be that Mr. Firpo would have made greater progress with the bones if he had not selected Big Bill Tate and Jack Townsend for dicing partners. It so happens that Messrs. Tate and Townsend are blacker than the elbow send a stove pipe and they can do more things with the spotted squares than a monkey can with a cocoanut.

Mainly Mr. Firpo is handicapped by lack of expression and an inadequate knowledge of native customs. His technique lacks the regal splendor and dramatic fire of the natural born dicer. Mr. Firpo simply places his dough on the carpet and says, "I shoots."

Should the fates happen to smile upon Mr. Firpo's luck—and Messrs. Tate and Townsend, being good business men, see that this miracle is performed at strategic intervals—Mr. Firpo gives vent to a hoarse, rumbling grunt indicative of pleasure, and repeats, "I shoots."

It is easy to picture the superiority of Wills in a similar situation. The black man would take the dotted ivory and rub them tenderly in the palms of his hand. Then he would spray them with the hot breath of parental devotion. After which he would begin pleading and praying.

You can judge for yourself whether Mr. Firpo's calm, unemotional "I shoots" or Wills' passionate wooing of the dice is the more humane system. Until Mr. Firpo realizes that dice are sensitive things and are susceptible to romantic urgings, he will not get very far as an African golfer.

Mr. Firpo probably will never get very far in this game, anyway because par for the course, as he plays it, is two bits, and he is not the world's most enthusiastic loser at that.

SHOCKER WINS BOTH GAMES FOR BROWNS

St. Louis Takes 6th Contests by Same Score 6 to 2—White Sox Pitchers Allow 13 Hits in Second Game.

CHICAGO, Sept. 6.—Urban Shocker, veteran spitball pitcher of the St. Louis Browns, accomplished the unusual feat of winning two games in one day when he beat the White Sox twice today by pitching both games of a doubleheader. The Browns won the first game 6 to 2, and took the second game by the same count.

PIRATES MOVE UP AHEAD OF ROBINS

Six Points Separate First Three Teams in National League Race—Detroit Contender in American.

NEW YORK, Sept. 6.—Hanging to its thread-like lead in the race of the fast pace set by the Pittsburgh Pirates and the New York Yankees, the Brooklyn Dodgers, New York still leads the National League parade by the narrow margin of five points with Pittsburgh in second place, one point ahead of the Brooklyn Dodgers.

The Giants won and lost against the Phillies while Brooklyn, after stretching its winning streak to fifteen straight games, dropped the second game of a doubleheader to Boston and as a consequence were lapped by the Pirates who won twice from Branch Rickey's Cardinals.

The teams stand today:

| Team | Won | Lost | Pct. | G-to-P |
|------------|-----|------|------|--------|
| New York | 81 | 53 | .605 | 29 |
| Pittsburgh | 78 | 52 | .600 | 24 |
| Brooklyn | 82 | 55 | .599 | 17 |

Tomorrow New York invades Brooklyn for a single game at Ebbetts' Field. On Monday Brooklyn will repay this visit to the Polo Grounds.

The American League battle remains virtually the same. New York, Washington and Detroit all winning their games today.

REDS MOVE UP INTO FIRST DIVISION

Take Ragged Game From Cubs 7 to 6—Keen Knocked From Box and Blake is Hit Freely.

CINCINNATI, O., Sept. 6.—Cincinnati broke into the first division for the first time since June 22 by taking a ragged game from Chicago today 7 to 6.

Keen was knocked out of the box in the fourth inning and Blake was hit freely.

Final Racing Card Proved High Class

A crowd that did not do justice to the splendid racing witnessed the closing card of the Morgan County Fair Saturday afternoon. Each race was closely contested and exciting finishes were the rule in almost every heat, although it took but three heats to decide each of the harness events. Especial mention should be made of the driving of Bartlett, up behind W. A. Masters' Flora A., in the second race, the local mare finishing a good second to Red B. in two of the heats and giving the White Hall horses keen competition at all stages in the race.

It is only fair to driver Bartlett an the fair association to state that his fine assessed Friday afternoon has been paid and he has been restored to good standing. After the Judges had heard all the evidence in the case they decided that the driver was almost as much sinned against, as sinning, and on the findings made at the inquiry, it was decided that the fine assessed was sufficient punishment. Both the fair officials in general, and the speed superintendent in particular deserve much credit for the number of horses obtained for the meet and I have been their upmost desire, through the meet, to give the patrons some real race cards, and no one regrets the recent occurrences more than the officials mentioned above.

2:17 Trot
The first race on the card, the 2:17 trot, brought out a field of four horses, Bennie Dillon showing the most class by stepping out and taking the race in straight heats. The horses got away the first time down, with Personette The 2nd in the lead; by the time the quarter post was reached the horses were all well bunched, and remained bunched past the half, with Bennie Dillon and Personette racing it out neck and neck. Bennie Dillon forged into the lead on the back stretch of the second half and held it to the pole, Personette going into a break and Edna Mayo finishing a strong second.

The second heat again saw them off on the first time down and proved to be a real contest between Bennie Dillon, Edna Mayo, and Personette for practically the full distance. Bennie Dillon finally drawing away enough to win the heat, with Edna Mayo again a close second. In the third heat, the horses scored on the fourth trial, Bennie Dillon taking the lead, with Edna Mayo and Personette closing up at the quarter—the horses were still well bunched at the half. Bennie Dillon leading Edna Mayo by a head, and from then on until the home stretch it was neck and neck; Bennie Dillon drawing away near the finish for a close win from Edna Mayo.

2:19 Pace
The second race of the afternoon card, the 2:19 pace, saw five horses face the starter. The field got away on the first trial, Red B. taking the lead and holding it with all the horses well bunched at the half. Flora A. furnished strong opposition and finished second in a drive, beating out Betty Green for the place and two lengths behind Red B. They were away on the second trial in the second heat, Red B. again forging.

Notes:
The Waverly band delighted the small crowd assembled with some excellent music during the afternoon.

It was reported at the track Saturday afternoon that Angelina Patch has been purchased from the Woods estate by Gates Strawn.

With the exception of Monday the track has been in good shape all during the meet. For a while Saturday it looked as though rain might stop the card but the skies cleared up a bit and the races were finished without a hitch.

Many of the spectators declared the Saturday racing about the best of the week.

Many remarks were made on the improved appearance of the grounds and track during the fair.

JAY EMBE'S CRUMBS

The hazy, gauzy, wibby days are here. September with her veiled golden sun. Her fleecy clouds o'cr skies of blue, and scattered leaves of yellow filter thru the green of all our forest trees. Grapes purple in their leafy bowers, and birds begin to gather for their fall conclaves; the corn is past the stage of roasting ear, the pumpkins loom in pinky bulk from vines that cover all the space they can. The cosmos and the asters vie with each other in their gorgeous colorings; many brown stalks drop their seeds and tell the tale of a completed cycle while near a abundance much virtue at its height, as if before the solder weather comes and stills its growth, it must make the most of the golden days before the ones of brown and white appear. Apples in the orchards gleaming in the sun. What a pretty month it is our September. Month of golden days.

The October Popular Mechanics publishes the statement that United States crime cost billions yearly. A part of this tremendous expense might be eliminated by less expensive prosecution incurred by long dragged out court sessions quibbling our technicalities.

The auto has caused the horse to lose much of his popularity in America and European countries, and the air service in Alaska takes a whack at the popularity of dog teams, a ratio of about 14 to 1.

A head line says: "Patient hears his own heart beats magnified three times." That's nothing—most of us have had hair raising experiences when we heard our own heart beats magnified at hurried times and marvelled that there near us didn't ask what and where were the terrible pounding?

Comparing our troubles with those of our neighbor usually leaves us discounting our own.

Laziness has wrought more havoc than bad luck. According to automobilists, the milk man isn't the only business proprietor who sells watered stock.

Ivory Soap isn't the only commodity that can advertise "it floats." It is said, much of the oil sold—floats on the top of water.

Who says there is no news? Three main political parties in the field and besides all the tribulations and the half has never been told.

There was sufficient frost September five to sustain the reputation of Miss Katy-did as a weather prophet.

What's the noise? A man just got ten silver dollars for his ten dollar bill.

The four flusher may again ratle his wealth.

About the poorest man in the world seems to be one who is intellectually polished—but without God.

There are people who maintain that alcoholic beverages are as extensively used since the Volstead act as before, but those persons making such statements

ILLINOIS COLLEGE NEWS NOTES

The waiting list of those who are making application for admission to the freshman class at Illinois college lengthens each day. Applications for entrance are now being accepted at the Dean's office only provisionally.

Professor Brinkley arrived in the city from Jewell, Ga., Friday afternoon. They have taken the Marsh home on Mount avenue. Professor Brinkley is the new head of the Department of Education and Psychology.

Assistant Professor Young, who is the successor of Professor Wolf in the Department of Economics and Business Administration, is also in town. He has taken rooms at the home of Mr. Levi Doane on Grove street. Professor Young is a graduate of the University of Texas and has his master's degree from Washington university, St. Louis.

Dr. William Kraupner, the new Director of the Conservatory of Music will be glad to confer with any patrons of the Conservatory in the office at Academy Hall. Mr. Clemens, the new head of the Violin Department and Dr. Kraupner of the Piano Department will appear in a recital probably on Sept. 25 or 26.

Registration days at both the College and Conservatory will be on Monday and Tuesday, Sept. 15 and 16. All local students are urgently requested to register on the first day. A large number of the entering freshmen are seeking places to earn at least a part of their college expenses. Any local families who desire to employ student labor should communicate with Dean Scott.

Dean and Mrs. Scott return from a visit in Petersburg and O. J. Salem recently.

WEAK BATS KEEP PHILS DOWN LOW

By NEA Service.
CHICAGO—The Phillies boast the poorest batting club in the majors. Combined, they are hitting around .265. Anything but auspicious in these days of lively baseballs and heavy clouting.

Only one Quaker—Wrightstone—is hitting over .300. And he is just inside the elite circle, too. The once great Cy Williams of home-run fame is hanging around .290, with Mogan, Harper and the rest bringing up the rear.

Ford and Sand, infielders, are two of the poorest hitters among the league's regulars. They are below .250.

As run getters, the Phils are in about the same boat. Williams tops his mates, but is so far removed from the leaders that Fletcher's outfit isn't likely to show a single player in the "100 runs" class this year.

No wonder the Quakertown team is still just about the same old doormat it has been for years.

ROBINS AND BRAVES TAKE ONE GAME EACH

BOSTON, Sept. 6.—Brooklyn's winning streak, which reached 15 straight with the defeat of Boston, 1 to 0 in the first game of the afternoon was broken in the second game which Boston won 5 to 4 in ten innings. It was the 12th game of the week for Brooklyn.

Score:
First Game.
Brooklyn . . . 000 000 100-1 4 1
Boston . . . 000 000 000-0 4 1
Doak and Taylor; Cooney and Gibson, O'Neill.
Second Game.
Brooklyn 200 010 000 1-4 7 1
Boston . . . 020 000 100 2-5 13 1
Osborne, Decatur and Taylor; Yeargin, Genewich and O'Neill.

Mr. and Mrs. Clyde McAllister of Mercedia were among the out-of-town callers in the city Saturday.

Mr. and Mrs. Will White were Jacksonville callers Saturday from Murrayville.

NOTRE DAME FACES STIFF GRID SEASON

(By NEA Service)
SOUTH BEND, Ind.—Speaking of ough football schedules, don't overlook Notre Dame's this fall. Ten games will be played with Princeton, Army, Georgia Tech, Wisconsin, Nebraska and Carnegie Tech., coming on successive Saturdays.

Here are six strong aggregations the Rockne lads will meet in a dizzy row. Moreover, four of them will be on hostile grid-irons, Georgia Tech and Nebraska being the lone home contests.

Of the half dozen, four are inter-sectional brushes which should furnish a pretty direct line on the status of the Indiana contingent at the end of the season.

Year after year Notre Dame plays a maximum number of games and about as hard a listing as any team in the country tackles. Rockne believes in plenty of competition. He also wants quality. And he gets both.

LIL' ARTHUR DODGES UNLUCKY THIRTEEN

AURORA, Ill., Sept. 6.—Jack Johnson, the former heavyweight champion today asked Judge Oliver Strubler of Naperville to increase his fine and costs for speeding from \$13.95 to \$14 to escape the "Unlucky 13" and the judge granted his plea. Johnson admitted he was "doing 65 miles an hour" when taken, but said "it was because of the weather, on a damp day."

He said "like today, you can't hold automobiles in. Just like giving man a shot in the arm to let damp air into carbureters."

Johnson was on his way from Chicago to the Aurora races when arrested by motorcycle police.

Among visitors in the city Saturday from the southeast part of the county were Mr. and Mrs. Milford Reece, Mr. and Mrs. Henry Reece and Mr. and Mrs. James McCormick.

Orville Petefish was among the business shoppers in Jacksonville yesterday.

SECOND FARM THEFT REPORTED YESTERDAY

Forty Pounds of Sugar Taken from Farm of John Black, North of City—Attempt to Enter Wabash Freight Office

The second robbery in the rural districts around Jacksonville within the past week came to the knowledge of local police yesterday when John Black, residing six miles north of the city, reported that someone had visited his place Friday while members of the family were attending the county fair. Thieves came to the Black farm and took away about 40 pounds of sugar, two pair of buckskin gloves and one pair of men's kid gloves. No clue as to the identity of the robbers could be obtained.

Sometime Friday night a window light was broken at the Wabash freight office. Although nothing appears to have been stolen, it was evident that someone was trying to gain entrance to the building.

E. R. Hembrough was fined \$10 and costs yesterday in Justice Bayha's court on a charge of speeding.

GOOD GAME PROMISED WITH BEARDSTOWN

Unless a pouring rain prevents the Indians and Beardstown will stage another close contest at South Side Park this afternoon at 2:45 o'clock. Smith has Howard Fryman engaged to do the mound work for the locals and Beardstown has advised that Thornley will be the pitching ace with that aggregation in the game today. The last two starts against this team have been disastrous to the Indians, rain stopping both contests before a full game was played, the first going four and one half innings with the Indians in the lead 6 to 2, thus constituting a game. The second trial at a game was stopped in three and one half innings with the Indians having the edge 1 to 0. So, barring rain, we should be able to see what's what today.

The probable lineup for Beardstown will be: Swan, 1f; C. Baujan, ss; Stoker, 3b; C. Baujan, cf; Peamon, 2b; Peterson, rf; Jacobs, 1b; Pettet, c; Thornley, p.

Smith will probably use: French, cf; Clark, c; Ruble, 2b; Boyd, ss; Wilson, 3b; Christopher, 1f; Carter, 1b; DeFrate, pf; Fryman, p; Lowder, p.

RETURNING TO HOME
IN TEXAS

Mr. and Mrs. H. C. Rees and daughter, Miss Lonnie, will continue their journey today toward San Antonio, Tex., after a brief visit at the home of Mr. Rees' brother-in-law, N. J. Goss, on South Diamond street. Mr. Rees and his family have been making an extensive automobile trip and came to this city after a visit with relatives in Winchester. O. He was for a number of years prominent in business in San Antonio, but is now retired.

SCHOOL FOR BLIND OPENS TOMORROW

Large Enrollment From State Expected For School Year.

The Illinois School for the Blind will be re-opened on Monday, September 8.

A large enrollment of pupils from all parts of the state is expected.

Special cars on Train #3 on the Chicago and Alton Railroad will accommodate pupils from Chicago and other points on that line.

It was announced last April that Miss Ruby Lorraine from West Palm Beach, Florida, had been appointed to the principalship to fill the place made vacant by the resignation of Mrs. Louise B. Inglis.

Immediately after the appointment of Miss Lorraine she appealed to the Board to release her from her contract in order that she might accept a higher salaried position. This request was granted and Miss Elizabeth Brooks of Chicago, was selected to fill the principalship.

Miss Brooks received her Bachelor's Degree from Moore's Hill College in 1914 and her Master's Degree from Clark University in 1917 during the presidency of Dr. G. Stanley Hall. During the past year she has pursued a special course in Occupational Counseling in the University of Chicago.

Miss Brooks is an experienced teacher. She has taught several years in public schools and for five years was Professor of History and Sociology in McKendree College, two years of which time she was the Dean of Women. The School for the Blind is fortunate to secure her services.

Following is the list of teachers:

Miss Elizabeth Brooks, Principal; E. H. Filson, High School; Miss Mary Reed, High School; Miss Minnie Coley, High School; L. J. Flood, High School and Grades; Mrs. Mabel G. Meyers, Grades; M. B. Crabbe, Grades; Miss Theodora Frankson, Grades; Mrs. Lucia O. Woolston, Grades; Miss Alice M. Smith, Grades; Miss Emma Raynor, Grades; Miss Irene Ertch, Primary; Miss Helen L. Eckert, Kindergarten; Mrs. Helen McDougall James, Director of Music; G. W. Gerlach, Piano; Miss Alice Mathis, Piano; Miss Ethel Kimbel, Piano; L. Lorine Dewese, Voice; F. G. Meyers, Violin; H. G. Stephenson, Tuning; Miss Edith Gillyoley, Physical Culture; Mrs. Katherine H. Mulligan, Conservation of Vision; L. W. Rodenberg, Printing; Miss Franca Moon, Librarian; Miss Josephine Steers, Industrial; Miss Elizabeth Newman, Industrial; H. R. Sutherland, Industrial; Mrs. Marian Kidd, Industrial.

FRANKLIN FARMER INJURED IN RUNAWAY

Curtis Buchanan, a farmer in the Franklin neighborhood, was severely injured yesterday afternoon when a team which he was driving to a mower ran away and threw him off.

Mr. Buchanan was driving along the road when his team became frightened and he was thrown in such a way as to sustain cuts on the right leg by the mower blade. He was brought to Passavant hospital in this city and his injuries dressed by Dr. Ellsworth Black.

AVIATORS FORCED TO LAND HERE SATURDAY

Two Chicago aviators, C. J. Robinson and H. L. Weinberg sustained a shake-up yesterday when the plane in which they were traveling to St. Louis did not work properly and forced the birdmen to land in a corn field four miles west of Jacksonville. The field of growing corn in which the travelers landed is owned by Harvey Scott.

The sudden landing of the two is believed to have been caused by a particle of gravel lodged in the gas tube, preventing the plane from traveling at its usual rate of speed. Mr. Weinberg, the owner of the plane stated that they were looking for a landing place and were flying over the corn field about fifteen or twenty feet from the ground when they decided to make for a pasture further on. Their gas from the main tank had given out and they were using gas from a gravity feed and the failure of the plane to respond as quickly as possible caused the landing in the field.

One wing, a wheel and the propeller were damaged when the plane landed on the rough ground. The men came to this city and secured parts for their plane and proceeded on their journey.

VISITORS IN CITY
Mr. and Mrs. John Stouffe and daughter, Mr. and Mrs. Charles Cairns and children, Mrs. Mike Carrigan and children and Misses Tessie and Agnes Stouffe, all of Shinman, are visiting over Sunday at the home of their uncle, Joap Murray and family on Hardin avenue.

MANY JACKSONVILLE KIWANIS TO MEET

Supt. Shafer Outlines Development of Modern Educational System to Teachers at Yesterday's Session.

With 93 teachers present, the first Faculty Meeting of the year was held at the high school auditorium yesterday, prior to the opening of the Jacksonville Public Schools on Monday, September 8. Superintendent of Schools B. F. Shafer, conducted the meeting, and gave a comprehensive address in regard to the school work of the coming year, and the most effective methods of accomplishing it.

Mr. Shafer outlined the development of the modern educational system, tracing it from its origin as a purely individualistic instruction to mass instruction, and finally outlining it in its present modified system of class room instruction, where the individual differences of the student are considered.

Many educational schemes have come into usage during the recent years, for the improvement of the class room instruction system, which Mr. Shafer outlined under the heads of Supervised Study; Classification of Students into Groups; Rapid Promotion of Capable Students; and Enrichment of Curriculum. He emphasized that no one of these schemes in itself has even succeeded in correcting the evils, which have grown out of the instruction of pupils en masse, but that rather, the modern school is an institution which takes into consideration the lessons learned in the last 10 and 15 years of experimentation in which the principles of supervised study, classification of pupils, rapid promotion and enrichment of the curriculum have been in use.

The teacher of today who possesses initiative and a reasonable amount of training, Superintendent Shafer stated, can best succeed by making her work accord with the modern practices of teaching by subscribing to the following principle, outlining her teaching plans accordingly and following in the organization of all her classes.

"We want our boys and girls to meet their difficulties,— especially their greatest ones,— during the pupil-teacher contact period."

"It is my opinion," Mr. Shafer stated, "that the teacher who will follow this principle, will either consciously or unconsciously organize her teaching methods in best accord with the modern practices of teaching." He also called attention to the fact that the teacher, to have any control of the learning process, must gain that control during the class room period, and that this period must be one of contact for work, and not merely a listening or reciting period.

Because of the high percentage of children of the school age that has always existed in Jacksonville there will be no perceptible increase in the enrollment this year. The Junior high school has become so popular that the loss of enrollment between the sixth and seventh grades, prevalent in many public school systems, has decreased in this city, so as to become almost negligible.

Another encouraging fact in regard to school enrollment is that very few pupils drop out of school at the end of the junior high school, and during the past few years, the number of students who do not report for high school work after completing the eighth grade, has become scarcely apparent. This speaks well for the popularity of the high school, and the determination of the Jacksonville citizens that their children shall be well educated.

WHITE HALL SCHOOL HAS BANNER ENROLLMENT

White Hall, Sept. 6.—Friday was enrollment and assignment day in the public schools of White Hall, and the high school enrolled 204 pupils the largest in history for the opening day. The new structure is now completed, for the new term, and an additional improvement is the installation of glass cases for the display of trophies and relics. The grades show an enrollment of 495, another new record for the opening. The schools will get down to business in earnest Monday. D. H. Wells is retained as superintendent and Miss Ruth Evans as grade principal.

CHARGED WITH ABANDONMENT

Henry Bartlett who has been driving a number of race horses in the Morgan county fair races this week was arrested yesterday morning by deputies from the sheriff's office on request of Sheriff Edgar Tanner of Hancock county. Bartlett is accused of wife and child abandonment and will be held in the county jail to await the coming of Hancock county authorities.

LOCAL POSTAL CLERK TO ATTEND CONVENTION

Albert Baldwin, postal clerk in the local Post Office has left the city for Minneapolis, Minn., to attend the twenty-fifth annual national convention of the United National Association of Post Office clerks, as the national delegate from the Illinois State Branch of said association.

DISCIPLES CONVENTION OPENS TOMORROW

First Session of Disciples of Christ to be Held Monday Evening at Central Christian Church.

The seventy-fourth annual Illinois convention of the Disciples of Christ will convene tomorrow evening at 7:30 o'clock at the Central Christian church for its first session. The meeting will open with a praise service, in charge of W. E. M. Hackleman of Indianapolis, Ind., who will have charge of the convention music during the entire program. Mr. Hackleman's ability as a leader of music is evident from the fact that this is the fifth Illinois convention at which he has led the music.

Following the praise service, prayer will be offered by L. A. Crown of Princeton and Mayor E. E. Crabtree will deliver the address of welcome. Edward S. Priest of Petersburg will deliver the response address and John I. Gunn, president of the Disciples of Arcola will deliver the address of the evening.

The convention will extend thru Thursday evening and plans are completed to entertain 1,000 delegates during their stay in the city. Speakers of prominence have been secured for the program besides the many other interesting features now outlined.

Robert M. Hopkins a specialist in Sunday School work will address the convention Tuesday morning on "Knox P. Taylor, Chair of Religious Education." He will also deliver other addresses during the sessions. Another speaker prominent in negro work is L. H. Crawford of Chicago, who will render an address Tuesday afternoon, "The Plea for Christian Union Among the Negroes of Illinois."

Of interest on Wednesday morning's program is a program for the Old People's Home which is in charge of Rev. M. L. Pontius. Several numbers on this program will be given by the Old People Home guests. A "Seeing Jacksonville" tour of the city has been arranged, and two banquets will be staged and among the sessions and conferences is an American Legion session which will take place Thursday afternoon and will be in charge of Past State Commander Charles W. Schick of Chicago.

For the convenience of the visitors a postoffice has been improvised at the church and a booth has also been provided where articles may be checked free. All luncheons and banquets will be served in the basement of the church by the ladies of the church.

GEORGIA MINSTRELS ARE COMING SOON

More people visited the Famous Georgia Minstrels last season than ever before. The Fixed policy of Rusco and Hockwald, the managers, is to render a dollar's worth of amusement for a dollar.

The value of amusement is measured by the entertainment it gives. Millions of theater patrons have learned "Georgia" in connection with minstrelsy means quality and quantity. What is easily recognized as the "Georgia" spirit greets the audience at "first raise of the curtain. One is made to feel design, enterprise, optimism.

The Georgia Minstrels have made history just as Edison made history in the realm of intercommunication, just as Curtis made history in the realm of aviation so has the "Georgia" made history in the realm of minstrelsy.

There is always satisfaction and pleasure when you go to see the Famous Georgia Minstrels, the confidence that goes with knowing the years' of experience in providing amusement is a positive guarantee of satisfaction behind the performance.

This company comes to the Grand Theater Saturday.

WILL SOON DEDICATE BEREIA CHURCH

The new Berea church is to be dedicated next Sunday, Sept. 14, with impressive exercises. The program will continue thruout the day. Among those who will take part will be Rev. C. F. French and Rev. M. L. Pontius. The original Berea church was founded in 1852 and has a devoted membership. The church building, which is of faced brick construction, is 32 x 60 feet in general dimensions and is modern in every way. The plans for the building were made by W. A. Crawford and the contractors were Harling and Wessler of Azenville.

LOCATED IN ARKANSAS

Mr. and Mrs. J. W. Williams, who have been residing at 606 West Superior avenue, have recently gone to Arkansas and are residing at Beebe, Ark. Mrs. Williams has written friends that they are now pleasantly located in their new home but are anxious to hear from their Morgan county friends.

VISITOR AT COLLEGE

J. W. Smith, of Kidder, Mo., formerly of this city, visited at the Illinois Woman's college yesterday. His wife, Mrs. Ella Kephlinger Smith, is a graduate of the college with the class of '76.

GUESTS IN CITY

Mr. and Mrs. Charles Owens of Litchfield are guests in Jacksonville at the home of Mrs. Owens' parents, Mr. and Mrs. F. C. Galley on the Mound Road.

**MYERS
BROTHERS**

FIRST H. S. FACULTY MEETING IS HELD

Nearly Sixty Local Clubmen and Wives to Go to Galesburg—Auto Routes Are Outlined.

Fifty-seven Jacksonville Kiwanians and their wives expect to attend the Kiwanis Illinois Eastern Iowa convention at Galesburg Tuesday and Wednesday, September 9 and 10. Most of the delegation will leave the city early Tuesday morning by automobiles while a number will go to the convention city Monday to take part in golf games which will be staged there.

R. E. Mullenix, secretary of the local club has received a communication from Galesburg outlining the best routes to that city by public highways. Two routes are open from Jacksonville to Galesburg, one via Peoria and another thru Beardstown, Bushnell and Macomb. While the Peoria route is longer, the committee from the convention suggests that it is the preferable route especially in case of rain.

The routes are given as follows: from Peoria to Galesburg, via Farmington, a new concrete State Road No. 8 is completed and open from Peoria to Farmington—25 miles. From Farmington to Galesburg—about 28 miles, follow No. 8 which is a good graded dirt road. Those going thru Beardstown, take road from Bushnell to Rushville to Macomb, north from Macomb to Roseville to Berwick, Cameron and Galesburg. The road from Roseville to Monmouth is under construction and detour is none too good. It is expected that the road will be marked from Galesburg to Bushnell to Macomb and possibly to Beardstown. K "Headquarters" Red arrows have been placed in the city limits which lead to the Galesburg club.

ALEXANDER PROPERTY SOLD
Milton Ruble was the buyer yesterday afternoon of a lot with three room house in Alexander which was sold by Henry W. English, Master-in-Chancery. The size of the lot is 80 by 80 feet and is near the hard road. The price paid was \$500. The sale was the result of a partition suit instituted by George B. Hastings against William T. Baker, et al.

Mrs. Charles Bennett of the Self Apartments left this morning for a visit with relatives in Ashland.

READY FOR SCHOOL OPENING

We have sufficient clerks to take care of our trade Monday.

MRS. BORUFF RECOVERS
The many friends of Mrs. C. A. Boruff will be pleased to learn that she was able yesterday to return to her home, 808 South West street. Mrs. Boruff underwent a serious surgical operation.

MANY AT SERVICES FOR ALEXANDER WOMAN

Funeral for Mrs. Julia Little Held Yesterday Afternoon—Interment to Take Place at Clayton

Services in memory of the late Mrs. Julia Little of Alexander were conducted yesterday afternoon at 3 o'clock at 236 South Main street in charge of Rev. J. Chevrant assisted by Rev. Reed pastor of the Alexander and Island Grove M. E. churches. A large number of relatives and friends were present to pay a final tribute to Mrs. Little's memory.

The many floral offerings were cared for by Miss Martha Mason Mrs. Charles M. Strawn, Miss Hazel Strawn, Mrs. Oyer Wright Mrs. Frank Plouer and Miss Alberta Dempster.

Music was furnished by Mrs. K. V. Beupr, Miss Katherine Kaiser Luther Wiley and Edward Erickson.

The bearers were Fred Neal James G. Strawn, Charles M. Strawn, Ole Duke, William Kumble and Benjamin Davenport. The remains will be taken today to Clayton, Ill., for burial. Brief services will be held at the cemetery.

Among those from out of the city who were in attendance were Mrs. Hazel Wood and daughter, Mrs. Alberta Dempster, from Michigan City, William Little and daughter Ruby of Camp Point, Mrs. Hettie Carlton and Mr. and Mrs. A. S. Mally of St. Louis.

FORMER RESIDENT DIES IN AUTO CRASH

Mrs. Charles R. Vincent of Chicago, who was killed near Grand Rapids, Mich., Friday night in an automobile accident, was the wife of Col. Charles R. Vincent and a daughter of Dr. and Mrs. L. C. Tiffany of Springfield, formerly residents of Jacksonville.

Mrs. Vincent before her marriage was Miss Margaret Tiffany and is well known to residents of both Springfield and Jacksonville. She was an accomplished musician and prominent in Springfield social life.

FLY-FREE DATES FOR DIFFERENT PARTS OF ILLINOIS ANNOUNCED

Hessian Fly Liable to Dam- age Wheat Unless Prop- erly Sown

URBANA, Illinois — Hessian fly, the worst insect pest of Illinois wheat, this year is unusually abundant in northwestern and west central counties of the state and is thick enough throughout Illinois to make it almost certain

that wheat sown this fall before the recommended fly-free dates will be infested according to results of a survey which the natural history survey at the College of Agriculture, University of Illinois has just completed in 34 of the principal wheat growing communities of the state.

The survey shows that for the state as a whole there is an average of almost two and a half living Hessian flies in the wheat stubble of a linear foot of drill row. The fly was found in the smallest numbers in the southern wheat growing counties, but was present in all of the 34 counties and in 262 of the 291 fields in which stubble was examined.

In line with the findings made in the survey and the results of wheat seedling trials made at different points in the state for the last seven years, the natural history survey has fixed the fly-free dates for the different counties of the state this year as follows:

Sept. 19 to 24 for all counties north of the southern boundary of Whiteside, Lee, DeKalb, DuPage and Cook counties.

Sept. 25 to 29 for all counties between the northern boundary of Henry, Bureau, LaSalle, Kendall, and Will counties and the southern boundary of Hancock, McDonough, Fulton, Tazewell, McLean, Ford and Iroquois counties.

Sept. 29 to October 3, for all counties between the northern boundary of Adams, Schuyler, Mason, Logan, Dewitt, Piatt, Champaign and Vermillion counties.

ALMOST FREE!

SMITH'S
Bakery and Delicatessen,
2nd Door East of Journal

ties and the southern boundary of Jersey, Macoupin, Montgomery, Shelby, Cumberland and Clark counties.

Oct. 4 to 7 for all counties between the northern boundary of Madison, Bond, Fayette, Effingham, Jasper and Crawford counties and the southern boundary of Monroe, St. Clair, Washington, Jefferson, Wayne, Edwards and Wabash counties.

Oct. 8 to 12 for all counties south of the northern boundary of Randolph, Perry, Franklin, Hamilton and White counties. That planting wheat after these dates can be relied upon to keep down the damage from the fly is shown by the yields of grain obtained on seven fields in representative parts of the state where wheat before and after the recommended dates to determine the effect of different seeding dates on yields. In every case the biggest yields were made on each of the seven fields by grain sown after the fly free dates. On four fields those located near Carbonate, Grand Ridge, Grand Chain and Centralia the yields of wheat sown after the fly free dates were more than double those of wheat sown two weeks or more before the fly-free dates.

Even if wheat is sown after the fly-free dates in the fall it may be seriously infested by the spring brood fly if there is infested volunteer wheat, or early sown wheat within a mile or two in which the fly can spend the winter. W. P. Flint, entomologist of the natural history survey, pointed out. For this reason farmers who sow their wheat before the fly-free date for their community not only are inviting danger and damage to their own wheat but also will be the direct cause of damage to their neighbor's fields next spring he added.

Wheat infested with the Hessian fly is discolored, stunted and deadened in the fall and in the spring the stools of wheat are stunted, just before harvest injury from the fly causes straws to fall in the field.

Wheat infested with the Hessian fly is discolored, stunted and deadened in the fall and in the spring the stools of wheat are stunted, just before harvest injury from the fly causes straws to fall in the field.

DR. THOMAS A. MANN, Health Officer

Safe Milk For Babies

One of the points stressed in the literature given out at the Better Babies Conference at the Morgan County Fair this week was "Safe Milk for Babies." It is not enough to have "Clean milk." We must go further and have "safe" milk. To most people "clean" milk means milk without visible dirt. The type of bacteria contained in milk does not enter into the minds of the general public when considering clean milk.

A good illustration of this point is shown in an incident which took place at Fort McPherson, Atlanta, Georgia a year or two ago. In 1919 the writer was stationed as a medical officer at Camp Jesup which joins Fort McPherson. At that time both military camps used only raw milk. A few cases of sore throat of undetermined origin, reporting at "sick call" caused the writer to investigate the milk supply. The result was that in a few days a recommendation was made to the commanding officer of the camp that all milk brought to the camp be pasteurized. The order was made with the result that no new cases of sore throat occurred. In a few days Fort McPherson followed suit and all milk pasteurized milk. Reports showed that as long as pasteurized milk was used at Fort McPherson no trouble traceable to milk occurred. It seems, however, that a few families later began to use raw milk. The milk was from a clean dairy and the bacteria count was exceedingly low. In fact the bacteria content was below the limit of the requirements for "certified" milk. All went well for a while and then typhoid fever occurred at the Fort. Investigation showed that the typhoid had been transmitted thru the raw milk which was supposed to be above the average in quality.

A great many physicians of today prescribe only cooked milk for babies. They do this for two reasons. First they claim that cooking the proteins in the milk makes them more digestible. Second they know that all disease producing bacteria are killed. Be sure that all growing babies and children get a generous supply of good milk. Be sure also that the milk is made safe by pasteurization or by heating to the boiling point.

Food and Exercise
A word of caution against over eating after strenuous work has ceased is advisable. Athletes, like professional ball players or college players who indulge in seasonal sports, are apt to eat too much when the season is over unless they study the caloric value of foods and regulate their diet accordingly. Persons leading active lives and taking much muscular exercise are apt to have good appetites. When the call for muscular activity is not so great the appetite as a rule continues; hence the great value of caloric estimates as a guide. There is an old proverb, "horses work better when well fed and fed better when well worked." Horses instinctively cut down their food intake when not working. Man should use reason, not instinct.

Other important points to consider are: First, that a wide variety of protein foods should be used but that the daily caloric content of proteins should not vary very far from 400 calories for an average adult. Children need a comparatively larger protein intake than adults since growing cells require proteins for development. A good average would probably be for about 15 percent of the total calories in food for growing children to be protein. Second, the total number of calories from carbohydrates and fats should vary with their amount of work done.

Exercise or muscular work is one of the best ways to prevent indigestion or diseases due to improper diet. It is only when labor ceases that trouble begins. A physician once said he had more calls on Monday than on any other day, simply because people over-eat on Sunday. Acute troubles from overeating, however, are not the most serious so far as affecting the death rate. It is the constant use of an unbalanced diet, one that is too rich in proteins, or perhaps carbohydrates, one that lacks the required mineral salts or vitamins that slowly but surely causes a break in the human machine and leads to disaster.

FARM BUREAU NOTES

The Baby Beef Club Project fostered by the Ayers National Bank and the Farm Bureau, lead to a final showing of twenty calves of excellent quality before the grand stand on Thursday of the Fair. The awards will be made on the basis of individuality as follows: First, Stewart Greenleaf, Second, Claude Davis; Third, Julius Gray; Fourth, Eugene Greenleaf; Fifth, M. Greenleaf Jr.; Sixth, Russel Stewart; Seventh, Chester Stewart; eighth, Georgia Greenleaf; Ninth, Margaret Henry; Tenth, Charles Henry; Eleventh, Charles Anderson; Twelfth, Howard Bolton. The prizes for these animals range from \$40 down to \$5.00. The awards for greatest gain and cheapest gain will depend upon the records kept by the club members. A committee will go over these records and the awards. There will be \$60 distributed by the Ayers National Bank as prizes for the cheapest

The Fat Barrow Feeding contest for boys and girls terminated on Friday. Only eight animals were shown in this contest. The animals were judged by Lester Reed from a marker standpoint. The first prize went to Louise Nicholson; second, Glenn Strickler; third, Norma Strickler; fourth, Arlo Schumacher; fifth, Marion Trotter; sixth, Winfield Trotter. The pigs were auctioned off Friday afternoon by J. L. Henry and were purchased by Yuba Funk and taken to the Jacksonville Packing Company. These barrows were farrowed after March 1st, and gotten ready for market at the age of six months or less. The first prize animal was a crossbred and weighed 25 pounds. The first prize in this contest was \$10. Every boy or girl who showed will get a prize. The prize money was all contributed by the Morgan County Farm Bureau.

NEW LICENSE PLATES FOR ILLINOIS TO BE DARK BROWN IN BODY

Will Carry White Letters — "111" in Upper Right, "25" in Lower

SPRINGFIELD, Illinois—Dark brown license plates, lettered in white, have been selected for Illinois automobiles for the year 1925.

The contract has been let by Secretary of State L. L. Emmerson at 13 1/2 cents a pair, a figure he believes the lowest in the whole country.

With its white letters on a dark brown background, the Illinois 1925 license plates will be decidedly different than those of previous years which have all run toward lighter colored backgrounds. The plates will be of the same size and the letters in the same position. The numbers will be three inches high with "111" in the upper right hand corner and "25" in the lower right hand corner.

The contract was let to the C. M. Hanson Company of Chicago.

In addition to making the and prints patented envelopes; encloses the plates, together with a 16 page printed synopsis of the Illinois motor vehicle law in the envelopes; pays the freight on the plates to Springfield; pays the storage until the plates are needed by the automobile department of the secretary's office and pays the drayage on the plates from the warehouse to the door of the state house when the automobile department calls for another supply.

The plates, enclosed in the patented envelopes, are to be delivered at the state house for 13 1/2 cents per package. As applications come in all the automobile department has to do is to insert in the patented holder a card bearing the information contained in the application for license and deliver the plates to the postoffice. The card serves as the applicant's certificate of registration.

Twenty thousand dollars in postage is saved annually by enclosing the certificate in the patented envelopes with the plates instead of sending separate.

In addition to the automobile license plates contracts, Secretary Emmerson also has signed a contract with Brady & Company of Peoria for chauffeur badges. This contract is at the rate of 7.8 cents each.

The contracts call for manufacture of 1,165,000 plates for pleasure cars, trucks, dealers and motorcycles and 100,000 chauffeur badges. Secretary Emmerson estimates this number will be sufficient to care for the state's needs in 1925 but the contracts specify that if more are needed the manufacturers must furnish the additional plates and badges at the figure named in the original order.

NO PROOF THAT MARS IS INHABITED

So Says Prof. W. H. Garrett a Student of Astronomy and Former Illinois College Faculty Member.

Prof. W. H. Garrett, son-in-law of John A. Ayers of Jacksonville and well known here, is quoted in the Quincy Whig-Journal as stating that thus far no satisfactory evidence has been produced that the planet Mars, which was closer to the earth last month than at any time since 1804, is inhabited.

Prof. Garrett has spent the most of the summer doing post graduate work at the Yerkes observatory at the University of Chicago. He is a former student and instructor of Illinois college and is now vice president of Baker university at Baldwin, Kans., where he has served as a member of the faculty for twenty two years. He is professor of mathematics and astronomy in the university.

In Special Work
During the last summer Professor Garrett has been doing special astronomical research work at the Yerkes observatory one of the eight graduate students admitted to the course and expects to return to the observatory to continue his research work next summer.

Professor Garrett explained that while the earth and Mars are "lined up" with the sun about once every two years and two months, the orbits of the two planets are such that the positions of earth and Mars were nearer each other last month than any time since 1804. The theory that Mars is inhabited has never been proven, he explained.

Equitable 7% Bonds earn 62% more money than any 4 1/4% investment Phone 1355. C. S. Smith & F. B. Six, Farrell Bank Bldg.

as no indications of life on the planet have been found which were accepted by astronomers in general. The canals of Mars, about which so much has been written, have never been satisfactorily shown to be artificial creations, he said.

Professor Garrett spent much time in observing Mars through the giant Yerkes telescope and took numerous pictures of the planet as it drew nearer the earth.

WILLIAMS TENT SHOW

HOLD HIS WEEK

Many people have seen the splendid shows given in other cities in this part of Illinois by Ed Williams Stock Co. The company has been playing to capacity houses under the big tent, and it is announced that the same company will be in Jacksonville all next week, beginning Monday night, Sept. 8th. Mr. Williams wants to assure his friends that the company is bigger and better than ever—

it numbers 20 people—the plays the best that can be had and the same thing is true of the vaudeville between acts.

All the plays are new this year and are the best that can be produced. The Ed Williams Stock Co. never fails to please the people. The plays are all new and plenty of singing and dancing between acts will be introduced, making the show continuous, something doing every minute. Mr. Williams has had his company at the

Orpheum in Quincy for four years.

On Monday night the international comedy success, "Peggy O'Neil," will be used as the opening play. Ladies will be admitted on Monday night for 15 cents, so watch for ladies' bargain ticket in the advertisement in this issue of this paper. Doors will be open at 7:30 and the show starts at 8:15. There will be a complete change of play and vaudeville each and every night throughout the week.

The show tent will be located on the lot back of the post office.

EUROPE AND BUSINESS

Roger W. Babson Discusses Trade Revival and Its Effect on United States Business

BABSON PARK, Mass., Sept. 5.—The negotiations on the Dawes plan have brought European business conditions to the fore again and many business men and investors are wondering how a revival of trade in Europe will affect our own markets. Roger W. Babson's analysis of the situation, made public in a statement issued today, is then of unusual interest.

"There is no doubt but what the reparations dispute is and has been one of the chief obstacles to business recovery in Europe," says the statistician. "With this question even temporarily out of the way, everybody in Europe will feel like going to work. In this country also there will be an immediate stimulation of business."

"We should not, however, lose sight of the fact that conditions in Europe are far too serious to be immediately adjusted. We have seen in the United States the hindrances to business activity which come from a lack of balance in the commodity market. For some time past the grain raising farmers have been at a disadvantage in the market as compared with the wage workers in the cities. This lack of balance has been a restraining influence upon business."

"We have the same thing on an international scale in Europe. Nations cannot trade freely with each other unless there is a fairly close adherence to a common standard of production costs. This is exactly what does not exist in Europe today. England, which has always been one of the large factors of trade in Europe, is confronted with abnormally high production costs within her own gates. It is difficult to see how England can today sell British goods in Germany, France, Belgium, or Italy, not only because of the unfavorable exchange conditions, but because of the tremendous difference in efficiency of English manufacturing process as compared with those on the Continent. We cannot have good business in Europe until this lack of balance is removed, and its removal is not a matter of days or weeks, but in all probability a matter of years."

"If I were to list European countries, especially those which were engaged in the World War, according to their present condition and fitness in trade, I should undoubtedly place Italy first. Next would come Germany and Belgium, then France and last of all England. If this order is correct, it is worth the scrutiny of everybody who is interested in international conditions. It is almost a complete reversal of a similar list that might have been made before the war. Furthermore, it is a list that is wrong if we look at the fundamental conditions in the various countries. There is no good and sufficient reason, from the fundamental standpoint, why Italy should be placed at the head of the list. Upsets like these must be adjusted before Europe will go ahead very rapidly, but Italy is in the best position to compete and trade today. Nevertheless, I believe that with the settlement of reparations there will be an immediate and fairly continuous improvement of business conditions throughout Europe."

"This situation is important to us in the United States not only from a Christian or ethical standpoint; but also because of what it means to business in the United States. There will undoubtedly be considerable buying of raw ma-

194 INDIANS IN STATE OF ILLINOIS
SPRINGFIELD, Ill. (AP)—There are about 194 Indians in Illinois, some few of whom will vote in the presidential election this year, for the first time, due to the provisions of the recent enabling act of congress, approved June 2.

The Indian population of Illinois has almost stood still in the last decade. The census of 1910 showed there were 188 of them in the state, and the 1920 figures showed an increase of 6.

Other states which have a large Indian population, consider this a new and considerable factor in this year's election. Census figures show that there were 242,959 Indians in the country, in 1920.

NOTICE

Ranson's Cafe will be closed all day Sunday.

MEAT CONSUMPTION IN U. S. INCREASES

CHICAGO.—Meat consumption per person in the United States this year promises to equal or even surpass the record figure of 1908 which stands out as the highest mark since the establishment of Federal Meat Inspection in 1917, according to a statement by D. A. Millett, newly elected chairman of the National Live Stock and Meat Board.

In a statement Mr. Millett said that Government estimates now available for the first four months of this year show an upward

trend over the corresponding four months of last year.

"In 1933 the figures for these months were 35.5 pounds, while this year they are 36.7 pounds," the statement said. "The high mark was reached in 1908 when per capita consumption for the entire year was 170.9 pounds. A sharp decline followed for several years due to steadily increasing population coupled with abnormal conditions incident to the World War."

"The fact is that 1933 resulted in a pronounced advance with a per capita consumption for the entire year of 167.0 pounds. This figure set a record for the past fifteen years, or those years following 1908 and indicates that

the American people had definitely turned to a larger use of meat in the diet.

"The remarkable health and vitality of our nation together with per capita meat consumption figures are significant facts to be seriously considered. We are known as one of the greatest meat eating nations and our health and energy are unsurpassed."

Dr. A. E. Prince of Springfield, Illinois, will see his eye, ear, nose and throat patients in Jacksonville the 1st Thursday of each month at the Dunlap Hotel.

ATWATER KENT RADIO RECEIVING SET

Optional selectivity, volume on distant broadcasts, efficiency, and great ease of operation are accomplished through circuit arrangement used. Its range of operation includes wave lengths in the broadcast band. Just as we were unable to get enough Atwater Kent receivers to fill our orders. This year is going to be even better than last. You'd better place your order with us now!

AFTERNOON LECTURE AT PUBLIC LIBRARY

George Steele Seymour, Chicago author and literary critic, will speak at 2:30 this afternoon at the Jacksonville Public Library. His topic will be "Literature versus Reading Matter." The address will be entirely free of charge, and will be open to the public. This lecture is being held under the auspices of the Jacksonville circle of the Order of Bookfellows. The speaker will be introduced by John Kearns, president of the organization.

-to build up Weight!

ANY WOMAN, any man, can now have a well-developed face and form. The whole, simple secret of a well-developed form is in the number of blood-cells in your body. You can now forget all the theoretical talk about diet, exercise, fad treatments, food-fats and fat-foods. Nothing is of any use, after all, except blood-cells! Thin, run-down men and women, with bony necks, sunken cheeks, bony shoulders—all these are suffering from one thing—too few blood-cells. Science has proved that S.S.S. helps to make the rich red-blood-cells, which you need. Your blood is starving for these new blood-cells! Give your blood the blood-cells it needs—take S.S.S. the great scientific blood-cell maker. S.S.S. has done marvels, too, in making beautiful complexions, clearing the skin, making lips rosy red, the cheeks full and plump—because it rids the blood of impurities which cause pimples, blackheads, acne, blotches, eczema, tetter, rash and rheumatism, too. As the medicinal ingredients of S.S.S. are purely vegetable, it may be taken with perfect safety. This is why S.S.S., since 1826, has meant to thousands of underweight men and women a plus in their strength. Start taking S.S.S. today and your great problem, that of your personal appearance, can be solved. S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

SANTA MARIA REPLICA STILL IN CHICAGO

CHICAGO, Ill. (AP)—One of the last remaining and most popular relics of the Columbian Exposition of 1892, a replica of the Santa Maria, flagship of Christopher Columbus, now lies at mooring in the Jackson Park Lagoon here.

The Nina and Pinta, the two other replicas which were sent with the Santa Maria as gifts from the Spanish government to the Exposition, have been ill-fated vessels. Not long ago the Nina was burned to the water's edge at the Jackson park mooring. In 1920 the Pinta sank in the lagoon, leaving but the flagpole. The three ships were said to be the only exact replicas of the Columbus caravels in existence.

At the close of the Columbian exposition, the three ships were presented to the South Park commission by Harlow N. Higginbotham, president of the exposition. The commission promised to keep the boats in good repair as long as possible. In 30 years the expense of keeping the caravels in condition for public inspection had mounted to \$49,000.

Then the Pinta sank and the Nina burned. The Santa Maria was moved to safer moorings, and repairs have been made from time to time. At present the boat is in good shape, and is visited daily by travelers.

The three ships were built by the Spanish government at great

cost, and no pains were spared to make the reproduction as accurate as possible. They were one of the greatest features of the exposition.

Raising and rebuilding of the Pinta and Nina is said to be under discussion by the park commissioners. However, due to the great cost of building and keeping the boats in repair, it is not likely that they will be restored for some time, according to James Foster, general superintendent of the South Park commission.

PIMPLES ON FACE 2 YEARS

Itched and Burned. Lost Sleep. Cuticura Heals.

"My trouble began with pimples that covered my face. They were hard, large, and white and festered. The pimples itched and burned continually, and I lost a great deal of sleep. The trouble lasted about two years. I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. It helped me so I purchased more, and after using one box of Ointment and three cakes of Soap my skin became nice and smooth; I was healed." (Signed) Miss Nancy Scott, Harrold, So. Dakota. Use Cuticura for all skin troubles. See how free from pimples "Cuticura" is. See how free from pimples "Cuticura" is. See how free from pimples "Cuticura" is.

What Are They All Saying About "One-Shot"?

NOTABLE among the new features of the 1925 Cleveland Six is the "One-Shot" Lubrication System which eliminates all greasing of the chassis by hand. No other automotive improvement of the year is the subject of so much discussion. Owners now are often being stopped and asked, "Is it as marvelous as I have heard? Show me how it works!"

Step on the Plunger—And Oil the Entire Car

To lubricate all moving chassis parts, you merely step on a plunger. You do not leave the driver's seat. You never have to use a grease gun or an oil can.

With this exclusive, patented feature, you are saved the frequent inconvenience of leaving your car for several hours for a thorough greasing.

The danger of neglected chassis lubrication will never bother you again.

Your car is always free from squeaks and rattles. For "One-Shot" can be used whether the

car is standing still or moving. See this famous feature of the newest, finest Cleveland Six!

Mileage Motor—Four-Wheel Brakes—Balloon Tires

Then after you have seen how "One-Shot" works—get behind the wheel and test the Mileage Motor.

Its phenomenal hill-climbing power, flashing pick-up, and speed of over 60 miles an hour, make it probably the most efficient power plant in use today.

Study the entire car and you will sense the reason for its popularity:—

Bodies that are roomy and aristocratic in appearance; genuine super-size balloon tires as standard equipment; four-wheel brakes as optional equipment at a slight extra cost; and rugged, long-life construction throughout.

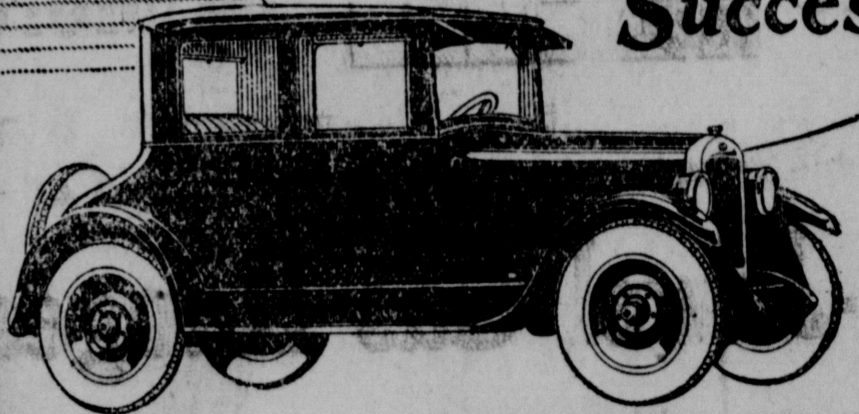

So fine a car was never obtainable at so low a price. Arrange today to drive yourself Touting car, \$1095; Five-passenger sedan, \$1395; f. o. b. Cleveland.

Here is the Secret of Oakland Success

Coupe for Four

Since the first True Blue Oakland saw the light of a salesroom, a little less than a year ago, more than forty thousand have been delivered and have made good on every road in America.

Back of the True Blue Oakland were years and years of six-cylinder experience.

And back of it also were instructions to design the best medium weight six that ever nosed its radiator into traffic.

No ordinary six would do—plenty of them already! Advanced, unhampered, engineering thought produced a car that leaped to leadership!

A year in advance of its field a year ago—refinements have been added from time to time to keep it so.

The True Blue Oakland fulfills the Oakland determination to build one of the world's very finest motor cars.

If you intend to spend around a thousand dollars—see and drive the Oakland before you decide.

MISSIONARY REVIEWS
JAPANESE SITUATIONRev. J. B. Thornton Says Nation
Is Under Divine Eye and That
Disasters Are Work of God

Rev. Jesse B. Thornton, a successful missionary in Japan, and well known to a large number of friends in this city, recently published a religious tract on the Japanese situation in which he sets forth some rather interesting

views. It is Rev. Thornton's belief that the many disasters which have overtaken Japan in recent years have a religious significance, and that the Japanese are being brought down from their high station in order that they may be christianized. According to Rev. Thornton, God is dealing with Japan in the same manner that he dealt with ancient Israel. The following excerpts from the tract will no doubt, prove interesting:

When we speak of this our minds naturally think of one event—The Immigration Exclusion Bill. But this, as we shall soon see, is in reality only one

in a long chain of adverse events which have been gradually forcing Japan down and back from her high position to which she has been climbing. Few realize this, and fewer still see God behind it all, and not seeing Him are therefore led out of the way in their judgment, and because of a wrong judgment, are out of the way in their action.

The Exclusion Bill has affected all nations greatly, but how few, even among Christians, recognize this? Almost all eyes are turned towards Japan and the feeling is general that this was a direct and personal attack on Japan. Recently a prayer was made in the writer's hearing which ran like this: "Oh! Lord, destroy all the works of the Devil concerning Japan and compel the United States to change this legislation."

The writer holds no brief for the American Government or people, and is not blind to the fact that in much of their attitude, intolerance and action the American people, like all others, are moved by a very selfish, un-Christlike spirit. But he also knows that "God makes the wrath of man to praise Him." And it is not our

LITERBERRY SOCIETY
HOLDS MEETING

Literberry, Sept. 6.—The Baptist Aid met on Thursday at Harmony Cottage with Mrs. Scribner, Mrs. James Lowndes and Miss Edith Scribner hostesses.

According to previous arrangements the meeting was in charge of the Mission Circle. Program, Scripture reading, the parable of the Grover, from Matthew 13, this was read responsively, the seed sowing was read by Mrs. W. V. Daniels and the answer was by Mrs. McCarty.

A written play by a Sunday school class, about "Wm. Carey the Cobbler and Pioneer Missionary," by Mrs. McCarty.

A good offering was taken and the hostesses served delicious refreshments of angel cake, chocolate cake, ice cream, and java coffee with all the trimmings.

Forty persons were present to partake of this nice luncheon or supper, and everyone said they had a fine time. There were a dozen or more visitors and several of the rooms were made pretty by the summer flowers which were donated by Mrs.

September 3, 1924.

V. E. T. Smoker, City.

Dear Sir:

Answering your very interesting letter of August 25th, addressed to "Secretary Cigarmakers Union." I wish to say that on behalf of the Cigar Industry, employers and employees, we thank you for your kind interest and effective co-operation.

We are sure that you bespeak the feelings of the average smoker. The manufacturers listed below, and their cigarmakers, really wonder why it is that so many of the smoking public has allowed itself to be drawn toward outside cigars, knowing the composition of our own makes. I think you are quite right in suggesting the query: "why aren't Jacksonville cigars advertised individually, the brands made a by-word among smokers?"

GENTLEMEN:

Let us introduce to your favorable notice, the following brands

McCarthy-Gebert Co.
El Maccio, 10c—2 for 25c
Old Percon, 10c
Mack's Own, 5 and 10c.

Gus Maurer
El-Ko, 5c, 8c, 10c
Jacksonville Smoker, 10c

George Salby
Key West, 10c
Melba, 8c, 10c
Country Club, 5c, 8c.
Kenwood, 5c

Charles Blesse
Perfection 10c
Enterprise, 5c

Jacksonville Cigar Box Company
A large institution that makes boxes for the mentioned brands.

W. L. Sullivan
Keweenaw, 10c.
Ehnl's Best, 5c.

R. T. Cassell
Short Horn, 10c, 2 for 25c
Big Run, 8c, 2 for 15c
Nectar Sips, 5c
Big Run, Jr., 5c

Phillip Schultz, Sr.
Vega Rita, 10c.
Iwantu, 5c

Ogar Cigar Company
Ogar, 5c, 8c, 10c—2 for 25 cents.

Clancy & Weitzel
S. & G., 8c, 10c, 2 for 25c

George Harry
Havana Blend Cigars:
Longfellow 10c; Abbott
Lawrence 10c, Blunt 10c;
Perfecto Grand 2 for 15c,
and 5c size.

J. McGrew
Maxine, 5c, 10c.
M. D. Heffernan
Don-El-0, 5c, 10 c.

Appreciation Expressed
By Union of Cigarmakers
For the Interest Shown

Time was when this was done. We have allowed outside manufacturers to usurp our rightful position. The smoking public constantly changes in personnel. If we do not keep on advertising, the changing personnel of smokers are caught by the glittering ads of the outsiders and they soon forget the home fellows.

The reputation of a cigar or anything else cannot be sustained without advertising.

"Remember way back when" Pratt's, Cassell's, Knollenberg's and Newman's brands were advertised extensively? Smokers had the names of their brands memorized, and it was an effort to have someone suggest to them the name of an outside cigar. They sustained the reputation of our cigars.

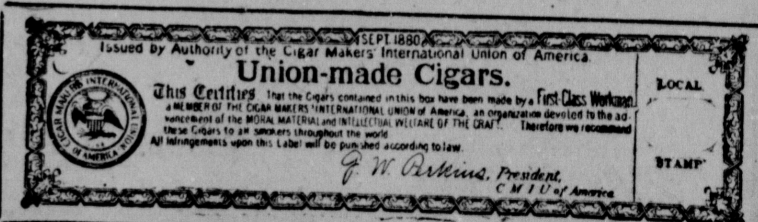

But, time changes. A new generation of smokers comes along. Between the two, so to speak, advertising, as it

was then conducted, ceases, and the outsider took it up, and got the smokers' money. That is why we are now idle so much.

There are 12 manufacturers listed below. Smokers are welcome in their factories to see just how the cigars are made and what goes into them; and we venture the assertion that your conclusions will be duplicated by the average smoker; if he reasons and acts as you did.

From all that has been said it should be plain to smokers that 100 more busy men here is preferable to 100 more busy men in some other city. You had them here—you let them go. All we ask is to help them back by supporting the brands listed below.

Thanking you again, and hoping for your continued favorable support,
Sincerely yours,
(Sec.) Cigarmakers Union.

MANY PAID HONOR TO PROF. SANFORD

Impressive Funeral Services for Former Resident Held in Lincoln, Neb.

Mention was recently made of the death of Professor F. W. Sanford in Lincoln, Neb., nephew of S. W. Nichols of this city. The funeral service was held in Lincoln and burial took place there. A Lincoln paper which came to Jacksonville recently gives a picture of Professor Sanford, who for a long period had been at the head of the department of Latin and Greek at the University of Nebraska. Paragraphs from the newspaper notice relating to the death and funeral are given:

Guaranteed Phoenix and Black Cat hose, \$1.50 value on sale \$1.00. The Emporium.

Suffered Heart Trouble
Heart affection had troubled Professor Sanford for a number of years and brought on several serious illnesses. The family was occupying the home of Prof. and Mrs. R. O. Clapp for the summer months. Their custom had been to spend the summer vacations in the mountains. Professor Sanford was especially devoted to the Glacier National park region in Montana. He had become a fine mountaineer and woodsman, visiting all the famous resorts of out-of-doors people.

He attended the old First Congregational church for many years and was an officer there. He moved with the congregation to the Plymouth Congregational church. He was always active in church work.

Professor Sanford thought Nebraska was the most friendly field for his work. He liked to teach in

Ladies' New Fall sample Hats, up to \$10 values, \$4.98 The Emporium.

the university and he always considered that the united support of his ideals by the Nebraska faculty was the firmest that could exist.

The harmonious influence he exerted upon all with whom he came into contact averted much friction between several university departments, his colleagues said, and all felt that this quality, backed by his scholarship and knowledge of the classics, would have raised him much higher in the educational world but for his physical weakness.

Funeral services for Prof. F. W. Sanford, of the state university, were held at 3:30 Sunday afternoon at the R. G. Clapp residence, 2017 Washington street. The attendance of the devoted friends was so large that a considerable group was obliged to remain on the lawn. The exercises were simple and beautiful, and a spirit of deep sadness could be felt throughout the company.

The service was conducted by Dr. Dean R. Leland, university pastor for the Presbyterian church, who said:

"Sorrow needs simple words for its consolation. These simple truths that I have united from prophets and poets, from saints and apostles are the deep convictions of those who out of deep spiritual experience felt the reality of great spiritual truths. Their words ought to comfort our hearts at this hour. But we ought also to speak a word of simple, reverent tribute to him whom we loved. His associates in the university have these many years given appreciation of their high regard for his intellectual gifts. They recognize the contribution he has made to the scholarship of his chosen department. They have known the value of his judgment in academic council. They recall the high conception he held of the work of the teacher and the standards he encouraged for the highest liberal education and the unfolding of the whole nature and the discipline of the human mind. He has long been recognized as one of the choice spirits in our university life.

"Scores and scores of students who have sat in his classroom under his instruction as they hear of his death will think of him and speak of him gratefully. His interest in the individual student was a personal interest. There was none of the professional spirit or manner in him. His relationship to the student was that of mutual friendship, comradeship in the pursuit of knowledge and fellowship in the joys of the educated life. Many of his students during these years have themselves gone out into the teaching profession. Their lives have been enriched by contact with one who interested himself in their fullest development and who desired that no student should make knowledge an end in itself, but a means of the development of the power to think and the power to lead a useful life thru strength of moral and spiritual purposes.

"All of us knew him in his more intimate and personal relationships in his home and in his church life and in those friendship groups to which he belonged. Some of us knew him as host in his own home where he revealed his genial nature and playful wit. Some of you remember him as a faithful officer and member of the church. His whole life might well be inscribed in the statement of one of his physicians made a few moments after his death, 'He was a noble soul'."

HARTS NEWS NOTES

Alex Suter and family attended the picnic at Winchester Thursday.

Miss Opal McCarty returned to her home in Winchester after a visit with her grandparents, Mr. and Mrs. Charles Summers.

Miss Audrey Ring spent Wednesday night with Lucille McCarty.

Leta Clayton, Grace Parker, Mary Cummings and Margaret Burke attended the institute at Winchester last week.

Peter McCabe, Fred Stringer, John Thady and Dan Burke delivered cattle in Murrayville Thursday.

Miss Lela Parker is spending a few days in Jacksonville attending the fair.

guests at supper Thursday evening of Mr. and Mrs. S. B. Robinson.

L. C. Collins has gone to North Dakota to look after business interests there.

Buy a Buick and keep on smiling. Buy something else, and then you'll wonder how in thunder, you ever made such an offal blunder. Bl-eeve, me, Buicks are going fast.

CAME HOME TO DIE

"Three years ago I came home thinking 2 or 3 weeks would be my limit to live. I had suffered for 15 years from colic attacks and severe liver and stomach trouble. I happened to see an advertisement of Mayr's Wonderful Remedy and purchased a bottle at the drug store and after taking the first dose I felt better than I had for 15 years. I am now in the best of health—thanks to Mayr's Wonderful Remedy." It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at all druggists. (Adv.)

Why your window shades show cracks and pinholes

It is a hidden weakness—this cause of cracks and pinholes—a certain great fault of the ordinary type of shade material. What it is—and how you can avoid it—is clearly revealed above.

Note, first, photograph No. 1—a sample of the ordinary shade material in unfinished state. Its surface has been lightly scraped with a knife. Here is exposed the great hidden weakness of the ordinary shade.

See what has happened! The scratching has loosened a quantity of chalk and clay filling, revealing the coarse muslin cloth beneath. Under the strains of daily usage, this "filling" falls out leaving a "mess" of cracks and pinholes.

Now, note photograph No. 2—a sample of BRENLIN UN-

FILLED shade material in the same unfinished state. Observe that it consists purely of a fine, closely woven cloth—that it contains not a particle of chalk, clay or any other filling.

What is the result? In the Unfilled Grade of Brenlin has been perfected a material that really resists the constant strains of hard daily usage—that the hottest sun cannot fade, nor the inebat of water spot. It is supple—not stiff, yet cannot bag, sag or wrinkle; wears twice as long as the ordinary kind, because from it has been eliminated that filling which is the greatest weakness of the ordinary shade.

Come in today and let us figure on the Unfilled Grade of Brenlin for your shades. We can supply it in tones for every color scheme.

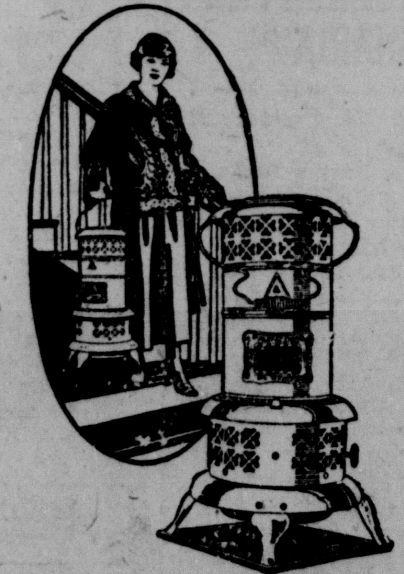

Let us Shade your home with
Brenlin Shades
